Population Figure Still Under Study

Final adoption of a population percentage figure to be used in settlement of Southfield township revenues with the city of Lathrup Village was delayed for study Monday night by Lathrup councilmen who referred the combined resolution to City Attorney William Ewart for report.

The figure, tentatively agreed upon by both Southfield and Lathrup, is 7.09, stated to be the percentage of Lathrup's population on May 22, 1953, to the total population of the township.

Order Filling Of Excavation

Steps to fill an unfinished basement excavation, termed a serious hazard by city officials, were begun this week.

Located on a lot on 14 Mile road west of Cummings, the city already has pumped 3 feet of water

from the hole in an attempt to prevent some child from drowning there.

City commissioners this week ordered the excavation to be filled, thus enabling the city to do the work and bill the owner if he does not do it himself within a reasonable time.
