How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,500, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 5.25% tax-free bond. It's something to think about.

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much less high grade investment can be worth to you. There's no obligation. Send for copy today, or phone
