### Rochester Breezes Past Cranbrook

Last Tuesday, Feb. 2, the Crm-brook varsity basketbal tsam desp-ped a one-sided contest to Robe-ter, fifth placed-team in the Free Frees standings by a 66-48 Secore. At the outset, it looked as if the Cranes might upset the sharp shooting Falcons, but the lead was Harlan Stone was high point man for the Falcons with 19. The 65 center scored most of his points as a result of court-long passes which he just tipped in. Game, Captain the just tipped in. Game, Captain with 10 points ached the Cranes

## **Valentine Decorations Busy Vaughan Students**

The Vaughan Elementary rooms finished decorating their builden boards for their Valentine parties this week. Some of the rooms have started making their Valentine boxes. Mrs. Krause's Kindergarten room has decorated the show-case next to their door. In it is a United States flag made of the show-case next to their door. In it is a United States flag made of the show-case next to their door. In it is a United States flag made of the show-case next to their door. In it is a United States flag made of the show-case next to their door. In it is a United States flag made of the show-case next made of chains. The silhoutest of George Washington and Abraham Lin-coln.

MRS. BEAUDOIN'S first grade room has made valentine for their mothers and the show-case of Latin American Wildlife. They put the hands and numbers on Mrs. Cloud's second grade made as a bulletin board of Brazilities. They put the hands and numbers on Mrs. Cloud's second grade made as bulletin board of Brazilities. Mrs. BEAUDOIN'S first grade room has been studyed and the show-case of Latin American Wildlife. They put the hands and numbers on Mrs. Cloud's second grade made a bulletin board of Brazilities. Mrs. Beauchten with the show of the show-case of Latin American Wildlife. They put the hands and numbers on the state of Latin American Wildlife. # Expect It to Be Copied!

The beautiful new 1934 Cadillac is now in our showroom—and this is an automobile that every American motorist should see ... and inspect ... and drive!

They should do this, first of all, because it will give them a better understanding of the things by which to judge the world's motor cars. And they should do this, too, because it will give them a revealing glimpse into the future of automotive design.

For it can be said, with the full support of historic precedent, that much of today's Cadillac will find its way into the cars of

tomorrow.

Cadillac's sweeping new lines, its new proportions of glass and steel, and its many superlative new details of design will

unquestionably have a profound influence on automotive stylists the world over. The new roominess of cadillac's interiors, the new beauty of its appointments, and the new richness of its fabries and leathers will give the industry completely new standards of comfort and luxury.

And Cadillac's great new power and responsiveness, its winderful new handling ease and its incredible smoothness of operation are certain to serve as engineering guideposts for years to come.

But imitation is one thing—duplication another. And no amount of imitation could ever produce Cadillac's happy combination of brilliant styling, extraordinary luxury and magnificent performance.

Nor could it bring to another motor car Cadillac's unprecedented acceptance among the world's motorists . . the feeling of pride that comes to the man who sis behind its wheel . . . or its reputation as the Standard of the World.

These are Cadillac "exclusives"—hard won through decades of leadership, and through undeviating adherence to the highest ideals of automotive production.

We repeat—you ought to come in and set the new 1954 Cadillae. For it is Cadillae's annual report to the nation on the progress of American motor car design—and the news has never been so exciting!

You'll be most welcome at any time
