

WALNUT LAKE NEWSLETTER

The Kindergarten children have been doing finger painting again and love it. They have had a story called "When I went for a walk"—all about all kinds of animals. Then they drew pictures about the story and had a lot of fun.

Mrs. Carrell is getting acquainted with the First Grade children and they with her. They are taking great pride with their work and will have a lot to show and tell about to Miss Peasley when she is able to come back.

Third Grade children are busily cleaning their desks and hoping to move into their new room very soon. Mr. Malwitz is having the children make a mural of travel, past and present. They are studying about it in Social Studies.

IN THE FOURTH Grade room the children were making plans for moving. They were much disturbed at the condition of their desks for they had been carved by many previous classes. They asked permission to sand the tops of their desks so they could have a new finish. Finally the "go-ahead" was given.

Every day before and after school hours they are at work. Two boys brought small electric sanders and the others wanted to know if they could come on Saturday and bring their desks. Saturday morning was certainly a busy time with people of all ages working with sanders and sandpaper.

Gerald Gibson's father took his desk home and it came back all painted in color so that these desks will not look too different from the new desks in the building.

IN THE FIFTH Grade the children are having a lot of fun in art. Mr. Malwitz has started them in soap carving, and the results are worth admiring—and get admiration.

At a recent meeting of the Health Committee it was decided that it was time to get to work cleaning up around the school just as soon as the weather would permit.

Committee members in each room were to take the leadership. The First Grade went out first with Pett Allen as leader. They certainly transformed the looks of the front of the school.

Debris from the new addition had added to the neglected look. Other rooms followed suit under the leadership of Gerry Griggs, Richard Brady, Fred Osterbeck, Robert Hemmingsway and Jeanne Mott, the chairman.

Smile A Minute

The fancy questionnaire a household appliance company used to survey Iowa housewives brought equally fancy replies. To the question, "What make of garbage disposal unit do you use?" one woman wrote: "Four hogs."

scored 15 points each. Riteway's win kept the perfect record for the second half.

Birmingham Cleaners dressed a full complement of players for the first time in two weeks and won Emmanuel Baptist 62 to 45. Skip Halpin and Bob Folin divided 30 points between them for the winners while Paul Grant sank 15 markers for Emmanuel.

The teams play each Thursday at Barham Junior High school through March 4. The public is cordially invited to see these games.

Now! PLASTIC BIND
catalogs, reports, manuals, etc.

RIGHT IN YOUR OWN OFFICE
...and save money, too!

Add prestige... color... utility... attention-compelling appearance to all printed and duplicated material. Plastic bound pages lie perfectly flat, turn easily, may be quickly loose-leaf inserted, removed.

THIS STRIKING PLASTIC BOUND PORTFOLIO-PRESENTATION—FREE! Gives complete application story and cost advantages in organization of all types and sizes. A wealth of timely information absolutely FREE.

Riteway Continues In Win Column

Riteway Water Softener maintained its lead over Birmingham Cleaners in the YMCA Basketball League with a tight 37 to 35 win over Fawcett Automatic Heating company. Riteway led throughout and had good control of the backboards; however, they won their game at the foul line with 13 completions in 18 tries.

Roger Reynolds of the winners and Don Kinker of the losers
