BURGLARS APPARENTLY, left empty handed after they failed to break into the vault of Barnum school Wednesday morning, Feb. 17, but they left \$75 worth of damage in their wake. Mrs. Harold Van Dragt, 403 E. 14 Mile, school secretary, examines a six inch deep hole that was chiseled into a closet wall that forms the back of the vault. Had the burglars chiseled farther they would have hit steel walls which enclose the vault. The thugs entered the school by breaking windows in the cafeteria; from there they smashed through hall doors to enter the school office.

CREEN STAMPS

Last month's safety drive was a big success—almost. Every one helped—the schools ran movies on safe driving, Rotary put up posters, and Handy and Easy Peters went out on their own.

The boys put up a big sign by the side of the highway. It said, "Slow down—the life you save may be your own." It was a good idea—after the police moved the sign back twelve feet In their enthusiasm Handy and Easy put it too close to the road —in fact, right on the sharpest curve on the highway. They made

view around the curve.
From where I sit, lots of peo-ple—even though they mean well—suffer from short-sightdeness mov and again. For instance, some can never see any further than their own preferences. They even go so far as to object to my choice of a glass of beer with supper. Shouldn't we always take the "long view", ... and respect our neighbors' rights?
