Test Drive a FORD... and you'll want to drive it home

Feel how Ford's new Ball-Joint Front Suspension cushions the bumps. You'll find a new kind of ride... level and smooth... even on rough, rutted roads. And, because Ford's new ball-joint front suspension is simpler than the conventional type... with 12 points of wear eliminated... that "new car" feel lasts longer.

Look at your beautiful surroundings. You'll see why Ford interiors for '54 set a new high in beauty. For here is a beautiful blending of fabric, color and styling. Every detail says "fine car" quality from the new upholstery and trim to the unique new Astra Dial Control Panel. And you'll find there's all the "living room" you'll ever want or need.

See how Ford's optional power assists* make your driving easier. Unlike other low-priced cars, Ford offers a power-lift system that operates on all four windows. And Ford's power-operated front seat moves up and down as well as back and forth. Ford also offers you power brakes, power steering and Fordomatic.

Your fun really begins when you own a Ford

Of course, you can't fully appreciate the many, many "worth more" advantages that are yours in a '54 Ford until you actually own one. You'll find that your Ford provides the careful craftsmanship of a full-height Crestmark Body, the added safety of Full-Circle

Visibility, the easier action of suspended clutch and brake pedals and the convenience of Center-Fill Fueling... advances which make your Ford more fun to drive. And only Ford in the low-price field brings them to you. Why not join the swing to Ford!
