

Drawings and Sculpture In Educational Display

Work is now progressing on Marshall Fredericks' latest project, a crucifixion group to be dedicated to the only American Indian saint "Lily of the Mohawks."

The solid redwood cross, to be mounted atop a mound of earth reinforced with concrete and steel will measure 70 feet overall and will be visible from Burt Lake. The figures will be done in cast iron.

In this project, as in all others, Fredericks has made a detailed drawing of the subject matter for ideas in composition, form and color. Unlike most sculptors, he does not work directly from life.

Traditional Celebration

A tradition of 19 years will be carried out again Friday when a stag party is planned to honor Loren O. Blunt of West Lincoln road. Bridge, stunts and refreshments will comprise the evening's program beginning at 8 p.m.

Men who will gather to celebrate the anniversary, a number of whom have never missed attending, include Lewis W. Morley, Glenn H. Coley, Tom L. Harris, Robert T. Watt, Andy J. Holm, Edward Burnham, Oscar Peterson, Charles Randall, C. Frederick Meyer and Paul Hogg, all of Birmingham.

Carl Ryker, Howard M. Ross, William W. Ironside, Jack Little, Ralph Pearson, John C. Thornton, A. E. Jamison, Dr. Max Williams, Duncan Hodges and Charles Benedict, all of Royal Oak, and Frank Giles of Pleasant Ridge.

HE SAID wearable clothing of all types and sizes, from baby garments to adult sizes were needed. There is a particular need, for low-heeled shoes. Blankets, sheets and other bedding are also on the list as "urgent."

In concluding, Baker said, "I hope we will answer this call, and give a good bit of ourselves by mending and cleaning garments before bringing them in."

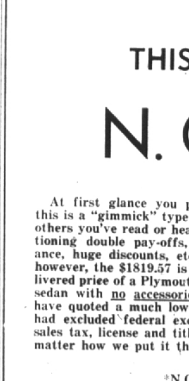

"We have a supply of large collection bags, and leaflets will be distributed throughout the area by school children. These will clearly state the purpose of the drive and ask the cooperation of all parents within our school district."

HE added that in this country, throughout some sections of the south and mid-west, there are also vital needs for assistance.

I AM SURE the people of Troy township will want to lend a helping hand. This program provides a practical and effective means of collecting clothing and at the same time gives our own youngsters a valuable lesson in sharing with their less fortunate brothers. It fosters the sense of brotherhood and helps lay a firm foundation for international good will.

Baker said that in Korea, alone, more than a million people are homeless refugees. Other desperate areas are to be found in Italy and Greece where many who fled the war have returned to their villages to find their homes and belongings destroyed.

A NEW PLYMOUTH FOR \$1,819.57

THIS PRICE INCLUDES N.O.P.O.D.

At first glance you probably think this is a "gimmick" type ad like all the others you've read or heard lately mentioning double pay-offs, double allowance, huge discounts, etc. In this ad however, the \$1819.57 is the actual delivered price of a Plymouth Plaza 4 door sedan with no accessories. We could have quoted a much lower price if we had excluded federal excise tax, state sales tax, license and title, etc., but no matter how we put it this is the price of the car delivered to you. You may not have to write a check for this amount because we will give you a good trade in allowance for your present car. We can allow more for your car than you could sell it for because we have a successful used car lot. Selling cars, new & used, is our business. Why not make your business to come in and see us about a new car. Without a lot of razzle dazzle selling tactics and "gimmicks" we'll give you as fair a deal as anyone.
