

OCAWS 'Omnibus' To Close Tonight After Extra Day

A last minute announcement was made Tuesday afternoon by Mrs. L. K. Marshall, publicity chairman for the Omnibus, now showing at the former S. S. Kresge store on Woodward avenue, that the affair will be carried over through 10 p.m., March 27.

"We have just received word," she said, "that we may occupy the building another day. Dealers are delighted to keep their displays of antique and contemporary home furnishings open to the public for this additional time."

She added that the Monday and Tuesday showings were most successful, stating that the most popular feature was the Gay Nineties bar, serving sandwiches and coffee.

The event is sponsored by the Oakland County Animal Welfare society, with headquarters in Pontiac.

Specialty dishes of other lands will feature the dinner tomorrow night, March 26, when members of the Oakland County branch of the Women's International League for Peace and Freedom bring their husbands and friends to the home of Mr. and Mrs. Harold Chalk, 230 Big Beaver road, Bloomfield township.

After study of the United Nations Cookbook, savory concoctions for each course have been chosen by various members and will be prepared by them for this occasion.

Mrs. Sheldon Bahr of Royal Oak is chairman of the program which will follow dinner, and announces that Tapan Muegerjee of Muzassapur, India, will explain the literacy program now in progress in India under the direction of Dr. Frank Laubach.

Muegerjee is a graduate student working on his doctorate in chemistry at Wayne University, and employs graphic presentation of the theory of "each one teach one", which is so effective in bringing literacy to India's millions.

HOW MUCH WILL BIRMINGHAM'S NEIGHBORS COST YOU?

- by crowded housing projects at city's edge . . . We must promote proper zoning by our neighboring communities.
- by using sewage facilities you paid for . . . We must force new housing promoters to solve their own problems.
- by extra parking-space demands . . . we need a plan to let outside commercial interests pay their share!
- by demands on our fire and water systems . . . Our first job must be to protect Birmingham property.
- by increased traffic . . . we need by-pass roads around the city!
- by ruining our streams and parks . . . We must protect our property values by requiring enforcement of state pollution laws.
