

Red Cross 1954 Election Follows Open House Party

Mrs. Sheldon R. Noble, secretary of the Oakland County Red Cross chapter, and chairman of the Open House on May 26, said today that officers, executive committee members and service chairmen would be hosts for the affair.

The event is planned to give visitors an opportunity to see the new chapter house at 118 Franklin in Pontiac. Conducted tours of the property are to be from 3 to 8 p.m., with light refreshments served during that time.

AT THE ANNUAL meeting, planned for 8 o'clock, minutes of the 1953 meeting and a treasurer's report will be distributed. The highlight of the evening will come when 33 new members are elected to the 100-man board of directors. The group will also name 12 executive committee members, who will select new chapter officers.

Harold B. Euler, chapter chairman, said the affair would be open to the public.

Officers acting as hosts will be Euler, Mrs. Noble, G. William Averill, first vice president and Dr. J. S. Lambie, second vice president, both of Birmingham, and Harry Rendell, Jr., Royal Oak, treasurer.

Mrs. Robert F. Kohl and Dr. Mark Smith, Junior Red Cross water safety chairman, will also serve.

Would Extend Greenbelt Idea

If a green belt area is desirable between parking districts and residential property, why should it not also exist where business zones adjoin residential land? City Commissioner Robert Navin asks.

"We recently passed two new parking district zoning classifications for screens and setbacks are required if homes about the parking lots," Navin points out. "It seems to me that similar stipulations might apply equally as well when business was right next to residential areas."

Navin believes such a study and recommendation seems to come within the plan board's sphere of interest.

Personnel Policies Set by Red Cross

At a meeting May 10 of home service committee for the Oakland County Red Cross, several "personnel policies" were discussed, as suggested by Mrs. G. W. McCormick, social welfare aides chairman.

Vacation policies will remain the same, one week for six months as a staff member, two weeks up to five years' service, and three weeks for over that employment term.

All members with more than a year's standing will receive two days off each year for personal business. Sick leave has been increased from 10 to 12 days a year.

Little League Conducts Player Auction

In the most spirited bidding in the Little League's four-year existence in Birmingham, 121 boys were "bought" by uniformed teams at the annual player auction Monday night.

The Tigers, defending champions in the American League, chose the fewest new boys, seven.

The Yankees, which finished strong after a dismal start last season, picked the most, 21.

The "prices" paid are kept a closely-guarded secret by the league officials in the interest of the youngsters.

The auction was the climax of four weeks of tryouts in which more than 500 boys, not members of uniformed teams last year, participated.

To gain a place on the major league team which now holds their contracts, the boys must beat out other candidates in their age groups at two-week workouts, starting Saturday. Each team has about nine boys back from 1953.

Before the season opens June 1, the eight seasons must be cut to 15 boys.

Here, listed by team and age, are the boys "bought" by the major league managers:

To Keep It Wild

No intensive improvement of the Rouge Valley park is to be made, Birmingham city commis-

sioners have determined. The park-way will be kept in its native state except where pedestrian pathways would be developed.

CHARLES C. DYBIVIG, 986 Yarmouth, has been appointed general sales manager of the Dana Corporation, Toledo, Ohio, according to J. E. Martin, president of the firm. Dybivig leaves Firestone Tire and Rubber company where for the past five years he has been Firestone's resident engineer in Detroit. A graduate engineer from the University of Michigan, he is a member of Oakland Hills Country Club, the Engineering Society of Detroit and a member of the governing board of the Detroit section, Society of Automotive Engineers.
