Planting Hints Offered Gardeners

Birmingham Branch president of Woman's National Farm and Garden Association, Mrs. Frank Webb, was guest speaker for the Beverly Hill Branch's May meeting at the home of Mrs. Richard Wind.

Mrs. Webb shared her knowledge of gardening as she spoke to members of the newer branch. Although she spoke primarily on roses, she discussed the possibilities of achieving beauty in shaded areas by planting wildflowers. She discussed varieties of asters, mums, zinnias and other annuals and perennials, pointing out the way each might be used to the best advantage.

Since many members of the Beverly branch have new homes with much landscaping and garden planting to be done, Mrs. Webb described some of her own favorite trees and shrubs, discussing the care and placement required, particularly if effective display of blossoms is desired as with flowering crab trees.

The Beverly branch has been asked to supply hostesses during the annual meeting to assist with tours at the Cranbrook Institute from 2 to 4 p.m., May 20.

Birthdays, anniversaries, guests, births, parties are all news—the society editor about them.
