### NEWS ABOUT THE MODERN LIVING CAR

# And the trend keeps growing to Lincoln

Perhaps it's because of Lincoln's clean lines. Or it could be this fine car's unmatched performance. The fact is that Lincoln sales have more than doubled in two years; last year sales were the highest in Lincoln's history.

You can find out the reasons for the growing trend to Lincoln. You're only as far away from the answers as one short visit to us.

First, stand back and look at Lincoln's superb lines. Notice the lack of bulging fenders and swollen sides. Then study Lincoln's careful use of chrome; note the lack of tricky glitter you often see on other cars.

Next, get behind the wheel. Take Lincoln out on the road. You'll

discover a ride that's wonderfully different from any other. You control an engineering masterpiece—Lincoln's great V-8 engine. In traffic you glide along effortlessly, quietly. Take a curve on the open road, Lincoln's ball-joint front wheel suspension gives you maximum control.

Finally, try some stops in this great car. They're quick, sure, safe because of Lincoln's new, enlarged brakes.

Find out for yourself why the trend keeps growing to Lincoln. Consider this your invitation to inspect and to drive a Lincoln or a Lincoln Capri at your first opportunity. No obligation, of course.

For the fourth straight year, Lincoln won first place in its field for economy in the famous Mobilgas Economy Run.
