An oddity occurred when Maple first baseman Groves made but one putout and that in the first frame, during the entire struggle.

Yearbooks Arrive At Hills High

They're loose! The autograph books are everywhere at Bloomfield Hills High school, their yearbook pen in hand.

The Hillcrest arrived May 19, a fine product for the hours of hard work put into it by the senior staff. Bob Saylor was the editor-in-chief, and Nancy Rice was his assistant. Carol Becker was literary editor, Steve Robinson was art editor, and Carol Lockwood was business manager. Other than large group pictures Ted Watson and Jim Dunne did the photography.

All-City Music Festival Set

The All-city instrumental music festival will be presented next Thursday at 8 p.m. in the high school auditorium with 475 students participating.

Beginning intermediate and advanced instrumentalists from the district grade schools will play and will join for one number in an all-city orchestra.

The Pierce school clarinet and Adams school brass quartets will play. Barmus's band and orchestra will participate as will also the high school band.

The program will open with all the players joining in "America." The beginners and intermediates will each play three numbers, followed by the Pierce school clarinet quartet.

ADVANCED PLAYERS will play three numbers, followed by the Adams school brass quartet. The all-city grade school orchestra, and junior high school band and orchestra follow.

Birmingham high school band will play several selections, and the mass performance will be "America the Beautiful."

Teachers directing are Robert Kutscher, Harold Jones, Maxine James and Arnold W. Bernut. The program is open to the public free of charge.

The final five innings saw goose eggs on the scoreboard due to great pitching by Sheldon and bespectacled Turner.

BIRMINGHAM ALMOST pulled the game out of the fire in the seventh stanza when Watkinson sent a line smash to left only to have it caught at the shoestrings on a play by Mike Faust who rolled over several times after his catch, with everybody but umpires Levy and Gray thinking he dropped the ball.

Christie then singled and stole second before Groves flied to left, and Dave Allen grounded out.

The game marked the end of short stop Bill Allen's five-game hitting streak. It also was the third contest in a row missed by regular Tom Beck who is out with a torn ligament.

Banquet Held for Custodial Staff Of B'ham Schools

Enjoying food instead of mopping it up, the Birmingham school district's custodians had their annual banquet last Wednesday in the Maple room.

Chairman of the affair was Marvin Knapp and in charge of food was Gertrude Killing.

Topping the entertainment were the Symphonettes, sophomore girls' ensemble, and a movie "The Open Road" obtained by Norman Wolf, assistant superintendent.

The banquet was served by Barmus girls. The dinner is a tradition started 15 years ago for the enjoyment and relaxation of the maintenance staff.

Phi Sigma Tau Elects Officers

Last week the girls belonging to Phi Sigma Tau, a girls' club open to Juniors and Seniors, at Bloomfield Hills High School met to elect next year's officers.

Kingswood Seniors Attend 2 Parties

Two parties were given for the graduating class of Kingswood school over the past weekend.

On Friday evening the Seniors attended a picnic dinner at the home of Corinne Grosz at which there was singing, conversation about colleges, and an ingenious "lion hunt."

On Sunday afternoon, Joan Gurdjian, Joe Walters, and Gail Rose treated the class to a picnic in Joan's backyard. Each guest was presented with a white yarn octopus as a remembrance.

The Senior class, primarily, played against Stony Creek fourth and fifth graders.

The following Friday the team scored another victory over the History Grove boys. That time the teams were evenly matched and the score was 10 to 6.

Senior and Junior class girls did a very good job of cheering and helped their team a lot.

Cadillac

Picture of a Man Economizing!

A year ago, the man you see in the picture above had no idea that he would be taking title to a new Cadillac car in 1954.

He had planned, almost as a matter of habit, to purchase the product of another motor car manufacturer—a make which he had owned and driven for many years.

But then he made a truly wonderful and surprising discovery!

He learned, much to his amazement, that the lowest-priced Cadillac would actually cost him less than the model of the car he had originally intended to buy!

He discovered, too, that a Cadillac will travel farther on a gallon of gasoline...

And that its cost of maintenance and upkeep is actually more modest.

And then he found out that a Cadillac traditionally returns a greater share of its owner's investment at resale than any other automobile built in America.

And so he decided to economize—and make the move to Cadillac!

And what a happy, happy man he is as he takes the keys, slips behind the wheel, and starts off on his first journey.

It's a great thrill to sit in the driver's seat—here where the world's most distinguished motorists sit—and find yourself a subject of admiration wherever you travel.

And, if there is anything as rewarding as owning a Cadillac, it's driving a Cadillac. The car rides so smoothly and quietly and effortlessly, and holds you in such buoyant comfort, that an hour behind its wheel is an hour of relaxation.

In short, a Cadillac car makes a man feel good. It's a lift to his spirit... a rest for his body... and a compliment to his person.

And when economy is the path that leads to all of these benefits—well, it's no wonder the man in the picture bought a Cadillac!

Maybe you should follow his example. Why not come in and see?
