The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying all over America, "the hot car of the yests." And no wonder! The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in General Motors' Asia experience. Research experience had uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar for dollar quality.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it

highway. Let your own hands report new handling perfection. And let great new Strato-Streak V-8 whisper own sensational news of flashing grown and compelling power. Then the story of Pontiac's new thrift reliability, and how little it costs buy this future-fashioned beauty.
