HOW TO PROFIT THROUGH TAX EXEMPTION
With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.
If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance if you file a single return on a taxable income of \$15,000, you would have to receive a dividend return of 7.5% on a taxable security in order to equal the yield from a 5.5% tax-free Bond. It's something to think about.
Our New Booklet, "How To Profit Through Tax Exemption" explains in plain language how you can profit through tax exemption. See how much these high grade investments can be worth to you. There's no obligation. Send for copy today, free.

"I was hospitalized 75 days this year," says Mrs. Roth of Highland Park, Michigan, "and our Blue Shield protection covered the cost of my room and board, operating room, all drugs, dressings, and even oxygen when needed. My total hospital bill was \$2,100, I received payment \$90.00. And Blue Shield paid a substantial amount to my doctor."
"You may say that you've never been sick, but had an accidental injury. But statistics show that one in three families will have a hospital bill to pay within a year. Mrs. Roth's experience, and that of thousands of others, shows how right you need Blue Cross-Blue Shield.
It's easy to find out how you can enjoy Blue Cross-Blue Shield protection for hospital and doctor bills today. Call or write Blue Cross-Blue Shield (insert office address and name of city).
