The Mechanical Man

Yes, it's a wonderful time to be alive. It's the machine age. But neighbors, we can't carry it too far. We cannot be represented at Lansing by a Mechanical Man. We need a human being who can think and will vote and fight for the interests of all the people.

Friends of FRED ELIAS, Democratic Candidate for State Senator, Nov. 2nd, would like to have you compare him with the other candidate for this office. They are certain no clear-thinking man or woman after checking the records of these two men could vote for anyone else but Elias. The record speaks for itself.

After several years at Lansing the other man in this race seems to know less about the needs of his people than before he went down there. Someday, check the voting record. It is a shame and a disgrace to the great State of Michigan and harmful to Oakland County.

It's time for a new broom to sweep clean. It's time for a change.

It's important we vote for FRED ELIAS, Democrat, Nov. 2. Donated by friends and well-wishers of Fred Elias.
