COMBINING BEAUTY with the powerful 180 h.p. Strato-Streak V-8 engine, the new 1955 Pontiac Chieftain two-door was placed on display today, Thursday, along with the other 11 models of the 1955 line. In addition to the new engine, both the Star Chief and Chieftain series will be featured by new two-tone color styling and panoramic windshields. A lower hood line and different grille work give a new look to the exterior contour of the new model while interiors are larger. The Pontiac line is on display here at Wilson Pontiac-Cadillac, Inc., 1350 N. Woodward.
