**THERE ARE NOT ENOUGH COPIES** for general circulation, of the board of inquiry report on the June 14 Couper fire, city officials have been busy telling a number of persons who have called in requesting one. Copies have gone to the offices of the police and fire chiefs, the city manager, the city clerk, and the newspapers. The Baldwin public library has three copies for loaning, and The Eccentric's copy can be read in its editorial office.

**A FIRE ENGINE RED** sedan is being acquired by the Birmingham fire department. Believed to be the first such fire department-ish looking general purpose vehicle, the purchase was authorized this week by the city commission. The fire-eaters have one general purpose car now, but it looks like another type of city-owned vehicle—except it doesn't have the word "Police" painted on it.

**SPEAKING FOR THE** men and women at Pontiac state hospital, Mrs. William H. Burlingame (in charge of the horticultural therapy program there) extends a hearty "thanks" to Birmingham Rotarians who have donated 10 cafe tables to the group. She added that Art Bakeslee, manager of the local Consumers Power office, has offered to receive tables which additional donors might wish to turn over to Mrs. Burlingame's project.

**IN A LETTER** to his mother, Mrs. Verna Fox of Van Dyke, a former Birmingham boy told of Christmas plans being made by his Marine division in Korea. T/Sgt. Bayard-Fox said the men in his outfit were planning a first rate Christmas for some 800 boys and girls. The Marines are asking the help of families, friends and civic organizations to mail packages right away so the youngsters will be assured "A Merry Christmas".

**Storm Causes  
Troy Dim Out  
Tuesday Night**

**TROY** — A three hour power failure in the township affected residences along Big Beaver, Long Lake road and Dequindre.

Township police said they were swamped with complaint calls from 11 p.m. until 4 a.m.

However Paul Grant, spokesman for Detroit Edison company, reported that power was not off only that lights were dimmed.

Grant believed the trouble stemmed from Sunday's storm when a feeder line out of a substation was struck by lightning.

Grant said the lights were dimmed during a three-hour period from about 11:45 p.m. until 2:45 a.m.

**Parking**

(Continued from Page 1, Sec. 1.)  
mittee session and parking will be the discussion topic.

But this evening commissioners expect to get into a consideration of an off street parking ordinance which would require new or expanded business to provide a stipulated amount of parking for each square foot of floor area used by the public.

IT WAS expected that this phase would have been brought up last week, but the formula took up the entire evening, said Renfrew.

OF the stumbling blocks in the adoption of such an ordinance was discussed at informal hearing earlier this year when business men did not agree on whether certain business areas should be exempted from the ordinance.
