

Troy Colts Lose Third Game in Row

By RICHARD CLIPPARD

Troy—The Troy Colts lost their third start in a row to Avondale by the score of 27 to 6 in a football game held at Troy on Oct. 1.

Troy received the opening kick-off and scored two plays later, on a pass to halfback Bill Swinson. Avondale failed to score in the first quarter, but early in the second quarter they ran over with their first touchdown of the game. Late in the first half the Colts drove to Avondale's four-yard line but failed to score. The first half ended 7-6 in the Jackets favor.

The second half proved to be a sad one for Troy. Avondale scored three times while the Colts failed to score.

Both Troy's offense and defense rumbled in the second half. The Colts failed to take advantage of Avondale's mistakes while Avondale took advantage of Troy's. Troy's outstanding players were tackle Floyd Bailey, quarterback Wayne Fieley and halfback, Bill Swinson.

Great Runner Speaks Here

B'ham High—The greatest American miler of modern times, Dr. Glenn Cunningham, recently spoke to an assembly of Birmingham high school students during his visit to Detroit and the suburbs.

Dr. Cunningham's talk was a very inspirational one. He told how he was severely burned during his early years and only through the utmost determination did he regain the use of his legs. He also emphasized the importance of clean living and leading a good life.

His talk was very well received by students. He was interviewed for the school paper by Bill Nechman, Alan Fuhrmann, Dave Long and Jim Taup, track and cross country team members.

How TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in real estate and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$15,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 20% tax-free Bond. It's something to think about.

Our New Booklet, "How To Profit Through Tax Exemption" explains in plain language your need for tax exemption, tells how to buy these high grade investments you're worth to buy. There's no obligation. Send for copy today.
