HOME AIR CONDITIONING units are but one of the many features of modern living displayed in model homes throughout this area in observance of National Home Week. The attractive housewife pictured above points out the closest size Carrier Weathermaker, similar to the ones installed in the models in Westchester village on Lahser near Maple. New homes in this area by builders that include Garding Construction Company, Millers and Reid Paterson, Inc. are open this month for public inspection as the building trades industry presents the latest in materials and design.

Construct Offices For Korea Program

Pfc. Frederick Hall is helping construct offices for a Korean village chief and his 15-man staff as part of the armed forces assistance to Korea program.

Hall, son of C. Hall 88 Hickory, and others of the 1 Corps' 204th Field Artillery Battalion are supplying material and technical assistance for the project. He is chief of section in the Battalion's Battery B.

The Birmingham soldier completed basic training at Fort Knox, Ky., and arrived overseas during September 1953.

★ Smile a Minute ...

As the train pulled into the station, the porter knocked on a compartment door.

"Chicago," he announced. "Shall I brush you off, madam?"

"Certainly not," she replied icily. "I'll descend in the usual way."

Two women were having a chat and the conversation veered around to the high cost of living.

"It's really terrible how the rise in prices has affected us," said one, sadly. "Why, do you know that my bills for clothes this year are exactly double what they were last year?"

"Goodness!" gasped the other. "I don't see how your husband can afford it."

"He can't," replied the first calmly. "But, then, he couldn't afford it last year either, so what's the difference?"
