

LIONS' ROVING SAFETY TROPHY seen with Lt. Henry Timm and Al M. Schumm of Birmingham school system will be presented to the school doing the most in the interest of safety. At the time of the presentation in June a smaller trophy will be presented to the captain of the winning school. Heretofore the trophy has been sponsored by the AAA club. However, the AAA club will continue its former school safety policy of sending an outstanding Birmingham youth for a three day trip to Washington, D. C.

Cool, chilly nights are on the way. The time when you can enjoy a cozy fireplace, especially a circulator.

Build this Improved FIREPLACE
that Circulates Heat

For Homes, Camps and Basement Rooms

THE HEATILATOR FIREPLACE circulates heat to every corner of the room and adjoining rooms. Saves the heat that ordinary fireplaces waste up the chimney. The scientifically designed heating chamber of the Heatilator Fireplace is concealed in the masonry where it draws cool air from floor level, heats it, and returns it to the room.

Heatilator installation eliminates the usual causes of smoking. It seals fuel bills during cool weather. Puts no limit on mantel design. Adds but little to the cost of the finished fireplace.

See the Heatilator Fireplace in our display room, or phone for illustrated folder and low prices.
