dent.

On October 6 Mrs. Rudell will open her home to the members of the organization, beginning the season with a social hour.

When Sorosis was formed at the University of Michigan, it was a recognized, though not national, sorority, and received its charter from the Sorosis club, a literary society in New York. The club's main project this year will be following ways and means of meeting the expense of keeping and running its house at Ann Arbor. It will discuss this at its second meeting, and later hear book reviews. (Eccentric Photo.)
