ADDRESS MR. BROWN  
ECCENTRIC BOX 132

Dear Howard:  
Don't sell your property until you have thought the matter through. Property affects more people than any other commodity and yet today it is being traded with much less thought than it deserves. There are those today who are thinking of selling but should not, and there are some who should sell but do not realize it. If you think you should sell or buy, come in and talk it over with us. We have studied the real estate market for years, have seen prices high and low, and while it is up to you Howard, we believe we can help you reach a safer and more satisfying conclusion. Ours is a profession and we want to assist you with your property problems regardless of today's sale, knowing surely that as our friends prosper so is our future assured. We will advise you to your best interests as we have already done with many.  
Let's keep a level head — a regretted sale is a downhill move.  
Cordially yours,
