

**HI-HATTER DRIVE-IN** Kitchen where Southfield firemen believe paint fumes were ignited when they reached the stove's pilot light, causing a \$5,000 fire which demolished the building's interior.

### Midnight Blaze Causes \$5,000 Restaurant Loss

**SOUTHFIELD**—A delayed alarm may have been the difference between saving and losing the Hi-Hatter drive-in restaurant early last Friday.

According to Fire Capt. Joseph Demoyers, the first call came from the Hi-Hatter drive-in restaurant, which was located at the intersection of Northwestern and 27th St. The fire was actually at 27th St. and Northwestern.

**TWO PUMPERS** were at the scene almost three hours in the early, cold hours to battle the blaze which started, firemen believe, in the kitchen just after midnight. Capt. Demoyers said flames from an open paint and turpentine can being used earlier to paint the kitchen, evidently touched off the fire which caused an estimated \$5,000 damage and gutted the restaurant, leaving the walls of the one-story frame building standing.

**BOB YINGLING**

### Bob Yingling Is Franklin Troop's First Eagle Scout

**FRANKLIN**—Bob Yingling, son of Mr. and Mrs. Robert G. Yingling, 32395 Wing Lake road, is Troop B-11's first Eagle Scout, receiving scouting's highest honor at the troop's Court of Honor held last Tuesday evening at Franklin School.

Barold De Oglow, Bob's first Scoutmaster, formerly of Birmingham, now living in the Franklin area, read Bob's citation for the Eagle Scout award. Bob entered Adams Troop B-4 in 1951 from Cub Scouts. He has served as senior patrol leader in Franklin Troop B-11 and this year is acting junior assistant scoutmaster and senior crew leader of B-11 Explorers. Franklin's first Eagle comes from a scouting family. His father is Explorer advisor in Franklin; his mother has worked in Cub Scouts, Brownies and Girl Scouts; and his maternal grandfather, Edwin Clayton Phillips, a Silver Beaver award winner, has been a member of the Ringwood-New Jersey Scout Council for 35 years.

### Need Loudspeaker System

By WILLIAM H. THOMAS

**SOUTHFIELD**—News reporters are beginning to share the view that there should be a loudspeaker system installed at board meetings.

Racket in the room during board meetings coupled with the usual steady clatter of a billing machine make it next to impossible to hear proceedings, even when sitting at the board members' elbows.

This desire for a loudspeaker system is not just a selfish one on the part of news reporters (although that does have something to do with it) but is also a plea on the part of the audience.

**LISTENERS** in the audience do not enjoy the advantages of sitting near the board table and unless a board member shouts (and they usually do not, being ladies and gentlemen) the audience is left in the dark.

Of course, if such a system were installed, it would be useless if board members did not speak into the "mikes", or put their hands over the microphones when they did not wish the general public to hear their thoughts, which, incidentally, are thoughts which belong to the public as long as the person voicing them is taking part in a public meeting.

### We Heard It Said By:

**DR. WILLIAM D. RENELI**, LL.M., conductor of Bands, U. of M., guest speaker at Southfield Kiwanis meeting. "Discipline is teaching people to do what they should do because they want to do it. Music and school bands are the greatest deterrents of juvenile delinquency in the country. It takes many, many hours of practice for a good band performance. A boy who is learning to blow perfect notes from a horn is too busy and interested in his work to get into trouble. I agree with a former prison warden who said, 'Teach a boy to blow a horn and he will never blow a safe.'"
