the littlest angel

The spirit of Christmas has transformed the biggest mischief maker in first grade into the littlest angel in the Christmas pageant.

Christmas works its magic on all of us. We realize the time-honored truth that by giving to the ones we love, we gain true happiness for ourselves. Include in your giving this Christmas a gift of lasting value—one that will grow right along with any child who receives it. Give a U. S. Savings Bond!

Each Bond earns an average of 3% annual interest, compounded semiannually, if held to maturity. And after maturity, it goes on earning interest for 10 years more. That means a return of up to 80% more than you originally paid. Think how much a Bond will grow by the time your "little angels" are ready for college or marriage or a start in business.

Go to your Bank today—and buy a U. S. Series E Savings Bond in a special gift envelope. And keep on buying Bonds through the year on the Payroll Savings Plan where you work. That's a good way to make the spirit of Christmas last all year.

Give the gift of security with U. S. Savings Bonds
