## Yule Season Includes Mengel Fund Assistance

Along with planning and rehearsals for their special Christmas season service, members of Community Congregational church, Lathrup, last week through Pamela Mengel, age 8, presented the Berkley girl, who was seriously burned in November.

Mrs. Toward Decker directed the Friday evening program in which children of the church school and junior choir presented the "Story of the Yule Season."

The children's service to which youngsters brought their white

**EIGHT-YEAR-OLD** angels wait their turn to march down the aisle at Community Congregational church children's services last Friday. Angel at left is Janet Dean, 28625 Sunset drive, and the second cherub is Linda Fegley, 27775 Lathrup.

**PRESENTING** A check to Berkley municipal court Judge Ralph F. Finley (left), treasurer of the Pamela Mengel fund association, is Lawrence E. Smith, chairman of the board of deacons, Community Congregational church, Lathrup. Church members collected \$1,916.25 for the severely burned

**FIRST METHODIST** church will observe Student Recognition Sunday on New Year's day. College youth will participate in the worship service and service.

**NEW YEAR'S** day also will be the date of Student Recognition Sunday at Franklin Community

**At 50—it's using less than 10% of its power**

**It's practically no effort at all for a sprinter to walk.**  
It's a breeze for a weight-lifter to pick up a child.  
And so it is with the 1956 Buicks in cruising — for these are the mightiest powered Buicks yet built.

Take the '56 Buick Century pictured here. It's almost a loaf for this beauty to cruise a superhighway at a legal 50 mph. At that point it's using less than 10% of its pedal-to-the-floor power.

And that's just the reason for the record-high power and compression ratio in your big 322-cubic-inch V8 engine. You and your engine can take it easy so much of the time.

You have no qualms about the response at your command. Your power plant has no need to breathe hard—so it saves gas, stays young, lasts longer.

So when you take the wheel of a '56 Buick, you take it easy, and still lead the parade. You know you can call out the reserves with a touch of your toe.

And you find you sink through a whole day's driving with the flowing ease of today's new Variable Pitch Dynaflow.\*

For not only does this advanced new Dynaflow give you stepped-up gas mileage and brilliant new get-away response at only part throttle. Not only does it permit you to switch the pitch for full power safety-surge take-off.

It also gives you absolute smoothness in acceleration and deceleration like you get in no other car in the world.

Drop in on us this week for a sampling of the best performance yet — and for a first-hand look at what else goes with the best Buick yet.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick Buick today. It is standard on Roadmaster, Super and Century — optional on midsize cars and the Special.
