

Barnum Choral Groups Schedule Yule Programs

Barnum's music clubs are very busy this time of year. The choral groups are making favors and filling Christmas socks which will be given to children in the Methodist children's home, polo hospital and the convalescent home when groups go to sing Christmas carols.

BARNUM'S choir will sing at a program at the Exchange club to be held on Dec. 13. Small groups will also participate.

Choir classes and the glee clubs will sing at the Christmas program on Dec. 20. Soloists are being selected. The seventh grade choir will provide the carol singing for the Christmas assembly. The music will be arranged by Mr. Bronson and ensemble groups are being formed by the eighth grade. The Madettes is the name taken by one of these groups.

ACCORDING TO Jane Bender, girls' swimming instructor, water ballet try-outs are now in session each Monday evening at Barnum pool. All seventh grade girls and the eighth grade girls who were not in the ballet last year have auditioned and soon the girls who were in the club last year will have the opportunity to try out. This year requirements are more rigid. The girls must swim six lengths of the Barnum pool to qualify and do the kip, the dolphin and a ballet dive in pool form to get into the club.

ON FRIDAY Barnum

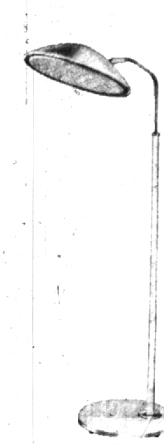

science instructor Fred Radloff, took two science classes to the Cranbrook Institute of Science planetarium. Tomorrow the rest of the classes are going to enjoy this trip.

SOME OF Barnum's students, headed by Miss Majel Brechte, recently provided a talent show and led the singing of carols at Winnikim's store at Seven Mile road

and Northland. The following participated: Rhythmettes, boys' ensemble group, Valerie Walker, Betty Barbert, Sandy Sweet, Judy Barnes, Mary Cook and Frances Van Maur.

The members of Robert Auer's mechanical drawing class had blueprints made of their best drawings recently, thanks to Bill Collins.
