

MRS. LEE ROBERT CHISNELL

## D. C. is Destination Of Saturday Newlyweds

Standing before the altar of the Lutheran Church of the Redeemer Saturday afternoon with Beverly Adele Yates when she became the bride of Lee Robert Chisnell, was her sister and only attendant, Nancy Carol Yates.

The Rev. Theodore Witzgerner, Jr., read the double ring rites before 100 wedding guests at 2 o'clock. The bride is the daughter of Mrs. Ruth A. Yates of Holland drive. Lee's parents are Mr. and Mrs. Robert H. Chisnell of Plymouth.

BEVERLY wore a gown of floor length tulle over taffeta with embroidered satin roses scattered over the bodice and skirt. The scoop neckline was edged with ruffled lace. A necklace of heirloom pearls from the Chisnell family was her only jewelry. A waist-length veil was caught to a satin cap edged with braided net

and satin. She carried a cascade of white roses, stephanotis and ivy. Nancy Carol was in a waltz length strapless French blue gown with a velvet bodice and a skirt of handkerchief net, topped with a bolero. She carried a cascade of small red roses and ivy.

PAUL Eugene Vincil of Troy township was best man. Seating the guests were Edward Kip of Royal Oak and David Perkins of Troy township.

Mrs. Yates chose a navy afternoon dress with white accessories of acetate and a corsage of pink roses.

Mrs. Chisnell had yellow roses pinned to her cocoa afternoon dress, with which she wore gold accessories.

Following a reception at Birmingham Community House, the couple left for a wedding trip to Washington, D. C. For traveling Beverly donned a gray wool flannel box suit with pink accessories and the rose corsage from her bridal bouquet.

When they return home they will reside in Flatrock.

### Aids Cancer Move

When Pi Kappa Sigma alumnae worked in the Cancer Center in Detroit last week, Mrs. Thomas Mitchell of Arlington drive was among them.

Birthdays, anniversaries, guests, births, parties ate all news—call the society editor about them.

### Brownies Tackle Favor Project

Aiding children in Oakland County Contagious hospital is an interest that has led the Brownies of troop No. 315, Bloomfield Village school, to a series of projects. Just done with Valentines that were tied with suckers and balloons, they are looking towards Easter when they'll be making small treats for each of the hospital's children. At Christmas, they made miniature trees for each one's tray.

Society deadline is 3 p.m. each Tuesday.

# The Story that Silence Tells!

You'll probably never hear a 1955 Cadillac! It is so wonderfully quiet in operation that you can detect only the soft whisper of the wind . . . and, occasionally, the pleasant song of the tires on the pavement.

Insofar as the car itself is concerned, there is only—silence!

But listen, if you will, to the remarkable story this silence tells about the "car of cars."

"Here," it says, "is a mechanism so flawlessly designed and engineered that every

component performs with absolute perfection. There is truly something going on mechanically good and sound that there is literally no noticeable resistance from wind or road."

And here is craftmanship so painstaking that not a trace of vibration can be heard!

And how eloquently it speaks of the vast factories of Cadillac ownership!

It rests in the wonderful rest and relaxation to be found at the wheel. It promises peace of mind . . . and greater driving safety.

And it tells the story of dependability. Dependability that is the result of operation under the most severe conditions.

Clearly, you can see that the Cadillac story is well worth a moment's attention. The car itself!

And if you haven't yet "heard" this remarkable story for yourself, we hope that you will. It's just one more reason to own and drive a Cadillac.

You'll agree, will you not, that the 1955 Cadillac is a new best of its kind!
