Club Presidents Back Unit

Tentime on Friday found Birmingham and Pontiac women's leaders meeting to learn the purpose of the new Central Volunteer bureau.

Fifty women representing 39 clubs and organizations attended the "president's tea" at the Community House, an event sponsored by the Junior League of Birmingham and the Pontiac Area United Fund.

Among speakers on the afternoon, "V for Volunteers" was presented by Mrs. Dennison.

She appealed to club presidents to help recruit volunteers from their club ranks.

She urged that women of Birmingham and its area become more aware of the social needs on their own doorsteps in Oakland county, pointing out that Birmingham is a residential community between two industrial areas.

Volunteers may register at the new bureau, 218 National building, Pontiac.

Freys Accepting New Home, Job

When the Donald N. Frey moved to their new home, 586 Fairfax, Frey was also taking a new post in January Frey was named associate director of the scientific laboratory at Ford Motor company, stepping up from the management of the metallurgical department.

He received the annual award of achievement in 1933, given to Michigan engineers under 30 years of age by the Engineering Society of Detroit.

IT CITED HIS work at Ford's as well as at University of Michigan, where he was an assistant professor in metallurgical engineering. He was with the chemical and medical department for two years.

Previously, he received his doctor's degree in 1929 and his master's in 1947, both from U. of M., and his bachelor's from Michigan State college.

There, he was a Phi Delta Theta. Mrs. Frey attended Michigan State also, studying hotel administration.
