Mrs. Marie Pebley

## Dearborn housewife says, "Be without Blue Cross-Blue Shield? Not my family!"

"After our recent experience," says Mrs. Pebley, "my husband and I know that the best investment my family can make is Blue Cross - Blue Shield. I went to the hospital last September. Stayed for 27 days. You have no idea how quickly the costs can run up. Our Blue Cross Comprehensive Contract covered almost \$1,300 in hospital bills, and all we had to pay was around \$20. Blue Shield paid \$840 to my doctor, too. The costs would have been a terrible blow to us if we hadn't had Blue Cross and Blue Shield."

It could happen to your family! In fact, in every 2 Michigan families will have an unexpected hospital bill in 1955! That's why it's important to be protected against the cost of hospital and doctor care. And, for the little it costs your family, it's finer than Blue Cross - Blue Shield.

Join the over 3 million Michigan people who have Blue Cross - Blue Shield. Ask your employer or your union representative how you can get the most group coverage. A company with as few as 4 employees may qualify as a group. Call or write: Blue Cross-Blue Shield, 441 E. Jefferson Avenue, Detroit, 26, Michigan.

## JANUARY JUMBLE

YOU ARE THE DRIVER (Driver, Syn. force, compel, impel)

BUT—do you always know what and where you are driving? Do you realize—

That when you fail to feed the birds regularly in the winter you are driving them into your neighbors' yards and therefore an insect problem during the ensuing season will be worse?

That failure to cover your flowers and bulbs with peat moss or hay after the ground freezes will allow the plants to be prematurely forced in the spring and cause failures?

That your complicated questions about the yard and garden impel us into a continuing and beneficial research of new materials and methods?

That, although we are closed Wednesday afternoons, we sometimes have to stay here a while to catch up on desk work and your telephone calls, when we never sure our wives aren't calling and door rattling drive us to distraction?

That you laboriously drive large posts into your lawns to support bird feeders when we have neat, slender pipe arrangements for that purpose?

That you force us to drive to your homes with orders as small as 21c?

That because you can buy what you like and refuse what you don't like you have compelled us to enlarge and diversify our stock to meet your varied requirements?

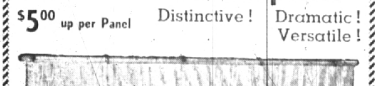

That the narrow width of your driveways forces heads of perspiration to stand out on the brows of our drivers? That you drive yourselves (and us) crazy by getting your orders in after our trucks have left?

That you have compelled us to recognize the fact that you are the most interesting, temperamental, provocative, variable, inspiring, kind and considerate bunch of drivers any store ever had to deal with and that it is a real pleasure to be driven, forced, compelled and impelled by YOU?
