Boys Enjoying Camp Ohiyesa

Among the local boys at Camp Ohiyesa on Fish Lake near Holly are Charles and Jerry Aiken; Robert Fitzgerald; Wayne Beard; Donald Schmidt; Dennis and Douglas Shaw; David Steele; Arthur Stuart; Ross Thompson; Charles and Richard Wyzant and Dale Porter. These boys are housed in two of the sixteen new ranch type cabins that have new built-in bunks, concrete floors and screened breezeways. Many were quite impressed with the new kitchen and refrigeration units that gives the camp all the ice it needs and helps preserve fresh fruits and vegetables. A tour of the new hospital building almost made several of the boys wish that they would come down with something to take advantage of the spic and span wards and new equipment. The boys think camp is great as they enjoy a program of boating, canoeing, swimming, crafts, nature lore and the thousand and one things that make up the camp program.

Fred Roeben and Dick Hubbard are two of the Birmingham college students serving as counselors under Walter VanHise.

Registrations for the fourth and fifth periods are still being taken at the Birmingham YMCA and boys may apply there for full details.

No wonder this great '55 Pontiac is setting all-time sales records!

It's bigger, smarter and more powerful than any other car at anything like the price!

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money.

Take the matter of size. With its long 122" or 124" wheelbase and extra, big-car left, Pontiac provides road-hugging comfort and a safe, secure feeling you get in no other car near it in price!

Now take this big, roomy car and surround it with the unmatched distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obvi-

ously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success.

That alone would be enough for most cars—but not for Pontiac!

Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower Strato-Streak V-8 with four-barrel carburetor* is the newest, most modern power you can buy. In acceleration and in passing power you're on even terms with anything on the road. And still more in your favor is

the fact that today's Pontiac is bettering even its own enviable reputation for dependability and economy!

If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into any *new-car budget!* You'll never find it easier to get into the fine-car class than *right now!*
