

Garden Club Has New Date

Change of date that the Birmingham branch of the Woman's National Farm and Garden association, will be meeting regularly this year has been decided by the branch's board.

The garden club will meet on the fourth Tuesday of each month, starting in the fall, instead of their second Monday meeting.

Reason for the change is mainly that the Community House, where both the garden club and the Birmingham Rotary club have been meeting on Mondays, for many years, have found its facilities too crowded by the two expanding groups.

ROTARY HAS kept its Monday noon meeting, which will now have the auditorium available instead of a smaller room, and the women's group will use the auditorium and possibly the neighboring small room as well when its 400 members have tea slated after its regular meeting.

Board meetings of the WNFPG branch will be on second Mondays of the month.

Northland Travelers Seek Coolness in Air and Water

By DOROTHY JEAN ZACK

Birthdays, anniversaries, guests, births, parties are all news—call the society editor about them.

What is north and what is cool are most questions these days.

The Dr. Martin L. DeBats family are up north, spending two summer months in Birmingham as change from their Ft. Lauderdale home. But as the quartet watched television in their cool living room where venetian blinds were drawn against the 90 degree heat last Thursday, they learned that their Florida hometown was having 85 degree weather, with 83 degree temperature in the ocean water.

While other families are going even further north to escape the heat, the DeBats are spending their summer renewing old acquaintances from when they lived on Doan's street.

While they are here, their motor-hotel, the Stanfield, in Ft. Lauderdale, is being operated by a manager, Dr. DeBats, who is retired, used to practice oral surgery in Detroit.

With Dr. and Mrs. DeBats are their children, Helen, Dr. and Chuck, 21, both vacationing from studies at University of Florida.

THEY ARE RENTING the Ray Cunningham residence at 185 Hawthorne, while the Cunninghams vacation for summer months at Harbor Springs in northern Michigan.

Arriving only two weeks ago, they have entertained two couples for the day at the Hawthorne home: Major and Mrs. Harry Cassleman of Ypsilanti, and Mr. and Mrs. William Coppin and son, Jack of Detroit.

They are especially enjoying the space of the large three-level home and its lawn rolling down to the Rouge river, after living in an apartment during winters.

Besides the Cunninghams, Harbor Springs and its peninsula, Harbor Pointe, has other Bloomfield Hills and Birmingham families in its summer retreat.

THE CHARLES E. Carvey returned here last Thursday from the point after several weeks away from their Lahser, Bloomfield Hills home. They'll be going up for August.

While up north, the Carveys were joined by the Charles Maloney family. Mrs. Maloney and Charles, Jr., are remaining there for the entire summer, with Maloney spending weekends there.

Water skiing is top activity for the Maloneys, with Mrs. Maloney
