

# Many B'ham Girls Tour On European Continent

By JAN ELKINS

European tours have called many Birmingham girls from their homes to spend the summer months getting acquainted with the beauty, culture and peoples of other lands.

Andrea Snyder, daughter of Mr. and Mrs. Myron E. Snyder, 1901 Kennard court, and Karen Oldberg, daughter of Mr. and Mrs. Sidney Oldberg, 762 Puritan, are on a 10-week tour of Europe conducted by Dr. Kneller of Yale.

The girls, Kappa Kappa Gamma sorority sisters at the University of Michigan, sailed on the Holland American and landed at Amsterdam.

KAREN WRITES that an Indonesian orchestra played rhapsodic music on board for their group, 45 boys and girls.

The students were able to take Italian lessons on the ship and attended numerous lectures, including one on Communist youth movements, and another on the European image of America and Americans, given by a Dutchman educated at Harvard.

BROOKE TUCKER daughter of Mr. and Mrs. Frank H. Boyer, Greenway drive, chose a tour conducted and planned by a professor at Bates college in Maine which schedule a great deal of time for sightseeing in the larger cities of Europe.

Brooke, a graduate of Duke, sailed from Quebec on board the Columbia. Her group will spend nine days in London, and five days each in Amsterdam and Munich.

For a month, the students will spend their morning hours studying Renaissance history and will do their sightseeing in the afternoon. After travel through Switzerland and France, they will establish a base of operations in Florence.

Last stop will be for a six-day stay in Paris before returning home.

MOST RECENT WORD from Frances Dawson, daughter of Mr. and Mrs. Russell B. Dawson, 2300 W. Twelve Mile road, is that it is very hot in Rome, but wonderful just the same. She and Alice Shaw, daughter of Mr. and Mrs. Thomas Anderson of Bloomfield Hills have been enjoying tours there.

Frances and Alice, both North western graduates, sailed from New York on the Independent for a seven-week tour of the continent.

Thirteen-year-old Nancy Carnegie, daughter of Mr. and Mrs. Andrew Carnegie, 18605 Glenview, Lakrup, is no new comer to the continent. She is one of two American girls who are training in Lon-

don at the Sadler's Wells ballet school.

ON TRIAL for a year, she has been asked back for a second year when she will live at the school's boarding home "White Lodge", instead of London.

When she is not busy with her dancing lessons, Nancy finds time to visit cousins, Mr. and Mrs. Allen Kennedy, in Glasgow, Scotland, and has spent time in Paris with a college schoolmate of her mother's, Miss Andrew Vesper-Patrou, who is a school teacher before their marriage.

While in Paris, Elaine, a Y board member, will be a delegate for the Birmingham Association of the Detroit YMCA at the week-long world centennial conference of the Y.

FOUR OTHER Birmingham girls, Donna Hagerman, daughter of Mr. and Mrs. Clyde L. Hagerman, 2965 Eastways drive, Bloomfield Hills, Nancy Middleton, daughter of Mr. and Mrs. Lawrence B. Middleton, 2387 Yorkshire road, Mary Richards, daughters of Mr. and Mrs. Charles L. Richards, 1596 Pierce, and Sue Manning, daughter of Mr. and Mrs. William H. Manning, 1640 Fairway, are also touring in Europe.

The girls joined a group of 30 boys and girls on a student tour that sailed from Quebec on a Swiss ship, the Rosa Star. They will tour twelve countries.

SUE MANNING while in London, contacted an Englishman, daughter of Sir Stuart and Lady Mitchell, who worked with her father on negotiations during the war as a liaison man from the British government. She made the discovery that he has since been knighted, so she had the good fortune to have dinner with Sir Stuart and Lady Mitchell.

As Sue wrote her mother she was awfully glad that she had learned to eat tippers and kidney stew when she was young!

Elaine Jones, daughter of Mr. and Mrs. George E. Jones, 568 Pur-

# Second Car He Ever Owned!

Time was when a man wouldn't have considered a Cadillac until he had owned four—or five—or even six different motor cars.

But nowadays more and more motorists—like the happy man you see above—are stepping right up from their first car to a Cadillac.

There are, we think, two basic reasons for this wonderful change.

To begin with, the temptation to make the move to Cadillac has never been greater than it is today.

The car's arresting grace and beauty... its captivating luxury and graciousness... and its

heart-winning performance have all been brought to new peaks of perfection for 1955.

And secondly, the path that leads to Cadillac has never before been so clearly marked or so easily traveled.

Take original cost, for instance. The lowest-priced Cadillac costs little more than many models in the medium price field.

And then consider Cadillac's gasoline economy and upkeep expense. Few automobiles of any size or make will travel farther on a gallon of gasoline... and the car is so soundly built and engineered that it is all but free from any

save the most routine costs of maintenance.

And, finally, there is the car's resale value. Year after year, Cadillac cars return their owners a higher percentage of their investments than any other automobiles in the land.

So if you want a Cadillac—don't feel that you have to advance gradually to the car of cars.

If you are ready to make the move to Cadillac, the automobile you now own is the perfect stepping stone.

Why not stop in soon and see for yourself? You'll find that we have some very pleasant news for you about cost and delivery.
