Goodwins Move to New Home Set Off On Western Trip

Mr. and Mrs. Richard Goodwin had just moved into their new Mohawk court home when they interrupted their settling-in process to take a motor trip through the west.

Goodwin, in Phoenix, Ariz., attending a C.M. conference, phoned during the season, and also fishes his wife to tell her that if she could fly out immediately, he could obtain an air-conditioned car for a vacation trip.

Together, they drove to California for a brief visit with relatives in Los Angeles, then to Sequoia National Park to see the giant trees. They spent a day in San Francisco, drove on to Yosemite National Park, through Death Valley. They were particularly pleased with the resort's planned entertainment, fishing, water skiing and other sports, cruises and dining, and with the interesting fellow vacationers they met from all sections of the States and Canada.

Mickey Clymer took off last Saturday to spend some time at Casaville, with family friends Mr. and Mrs. Alvin Wall, of Detroit. The Wall's son, David, is the same age as Mickey, and the two boys look forward to swimming and fishing together. Mickey is the son of Mr. and Mrs. Don Clymer, of South Clunbury road.

There is much coming and going these days at the James Roberts home on Lakeshire drive, with the girls and mother busy about soot camping activities. Mary Roberts returned home from two weeks at Camp Narrin last Saturday. Sister Margaret left the following day for her two weeks of camping at the same spot.

The Searches have another daughter, Nancy, aged two.

The big house, which the Souters will eventually occupy, is a 100 year old place, which is still in the process of being remodelled.

A pleasant surprise for the hosts was the arrival of their daughter, Janet, who flew from California by night, just for this affair, and flew back the following Tuesday.

Their other daughter, Sue, with her husband, Jerry Lewis, also came from their home in Bloomington, Ind.
