WE AIM TO PLEASE

Want to Be Kicked?

Irresponsible brokers are quick to overprice a house just to get an exclusive listing. If you want to be deluded and disappointed—that's fine. BUT, we do not use that method.

We prefer frank, confidential discussions about the current market when listing properties. We will not hypothesize prices beyond what we honestly believe the property will sell for. Some owners resent the truth, but our records are long and certain that seriously overpricing homes cost the owner far more money than necessary had he taken our counsel in the first place. You can rely on our valuating.

If you want the finest in eye glass wear, why not try us.

Prescriptions filled, broken lenses replaced at very reasonable prices. Satisfaction guaranteed.
