## TIRED OF SPRINKLER MOVING AND HOSE WINDING?

New Sprinkler Reel

See It!

odern new reel sprinkler ends forever the nuisance of hour-after-hour sprinkler moving and the bothersome chore of hose winding! Propelled by the water, it automatically does all the work for you; follows course of your choice, winds up hose as it waters, returns to valve for automatic shut-off! Can be used on new or established lawns . . . ideal for controlled "rain fall" in flower or vegetable gardens. Use it at night when water pressure is highest, evaporation lowest. Covers area up to 70 wide by 200' long. Simply turn on and forget.
