

HOT WEATHER SHOULDN'T BOTHER the Charles M. Stults family at 28591 Sunset, Lathrup, too much this summer. The month-old swimming pool in their back yard should not only keep them cool but will probably be the center of activity for the Stults' children, Margo and Chick, and their friends.

Teachers Plan Summertime Study, Trips, Counselling

When the last pupil has gone out the door, the last book counted and put away, and the last record dated and filed, what do teachers do during the summer?

Cecil Poole of Lathrup school will spend part of his summer working with the Southfield Department of Recreation, while Patrick Basile will enter the quality control department of Lincoln-Mercury.

Mrs. Anne Cameron will spend the summer doing some tutoring, and travelling in New England. James McCune will be working out of doors for Ira Wilson dairy. Mrs. Betty Smith is going up to Higgins Lake and the upper peninsula. Since she is retiring, she is looking forward to spending more time in her rose garden, and working on ceramics.

Miss Diane Sypher will be a counselor at the National Music Camp at Interlochen July will find Mrs. Floey Holley in California while Mrs. Edna Rex will spend a month in Iowa. Miss Jane Hubbell plans to spend her time studying in summer school at the University of Michigan.

Mrs. Wendell Holmes, who is moving from Lathrup to Glenview, Ill., has been director of the Lathrup Chorale since their organization, and a favorite teacher who will be missed.

STUDENT ACTIVITIES

Recent high school graduates in Lathrup are an ambitious and busy group. As a vacation relief, Carol Starkey will do stenographic and filing work in an office this summer.

Ellen Schreiber has signed up with the Southfield summer recreation program, and will spend six weeks as counselor, travelling between Kensington Park and Southfield with bus-loads of youngsters.

Mary Lou Wilson will spend weekdays working her three horses, and weekends showing them in horse shows throughout the state. A recent winner in the Grasse Pointe and the Grand Rapids horse

shows, she will enter the Detroit show and ride as a member of the Girls Junior Equestrian team besides other classes.

Carol Heyn is working enthusiastically as an aide at the new Beaumont Hospital. Ray Schumaker will journey to Wisconsin for a six-week session as counselor at Camp Ojibway. Entering Michigan State in the fall, Ray spent three days this week in Lansing attending the school's summer counseling clinic.

The new residents at 78735 Eldorado drive are Mr. and Mrs. W. K. Burton, formerly of Royal Oak. Although she has lived in Michigan for the past 13 years, Mrs. Burton's soft southern accent proclaims her Atlanta, Ga., birthplace. She is a bridge enthusiast and a happy beginner at bowling and golf.

Burton, an executive engineer at the Ford Motor Co., is a member of Red Run Country club and spare-time golfer. Other members of the family are Barbara and Bill. Barbara is a sophomore at the University of Michigan and Bill, who graduated from Royal Oak High school this month, will enter Michigan State university in the fall.

Mrs. W. C. Ruth of Eldorado avenue is looking forward to a visit from her sister, Mrs. W. E. Haggenbuck, who lives in Cuernavaca, Mexico.

At home after a week of good fishing on Burt Lake and Indian river, in northern Michigan, are Mr. and Mrs. P. E. Watts of west California drive.

The couple have been making spring and fall fishing trips in the area for 25 years and have acquired wisdom in the ways of wild eyes and rainbows.
