Three Earn Principalships

Three new full-time principals have been appointed in the Birmingham school system—Donald Burba, Edwin Crandell and Albert Schumm.

Four years ago, these three young men joined the local school system as class room teachers. Each had hopes and promises of attaining administrative positions when they first completed their master's degree and proved their success as class room teachers.

All three got their master's degrees last year and all three have topped their successful class

room teaching experience by being assistant principal this past school year.

Donald Burba, who graduated from Michigan State College in 1951 with an AB degree, taught sixth grade at Pierce school before becoming assistant principal to Richard Featherstone at Torry.

HE GOT his master's degree at Wayne in 1954 and will now be principal of Torry white Featherstone goes up the line to become an administrative assistant. Edwin Crandell attended Albion

college and Wayne University, getting his AB degree from Wayne in 1951 and his master's from that university in 1954.

He now takes over the principalship at Walnut Lake school, replacing Miss Marjorie Votry who has taught the Birmingham school system after 12 years of service.

Now all three have their eye on a doctor's degree in education. Burba and Crandell will continue their studies at the University of Colorado this summer while Schumm will take courses in education at Michigan State University.
