Hamtrac auto worker says, "A bill for \$400 didn't worry us!"

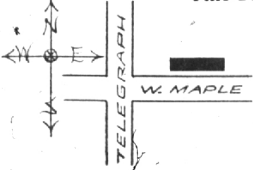

"Most families would probably have to dig into their savings to pay a \$400 hospital bill," says Mr. Marbo. "But I had a bill that also added our savings didn't suffer at all, because my family has Blue Cross-Blue Shield. Under our Blue Cross Comprehensive Contract, I got all the hospital services I needed... over \$400 worth, and they didn't cost me anything. We've got Blue Shield for doctor bills, too, and that covered \$165 for our doctor's services. All I had to do was show my Blue Cross-Blue Shield card at the hospital, and benefits were paid automatically. I've never seen anything like it!"

Blue Cross-Blue Shield plans have been more successful than any other in giving benefits to actual, current hospital and doctor charges. How important this realistic kind of protection is... when your family stands a 1 in 3 chance of facing a hospital bill within a year!

Find out how your family can have low-cost group coverage. A company with as few as 5 employees may qualify as a group. Today call or write: Blue Cross-Blue Shield Mr. Gordon Cox.
