Knighthood Flowers in Skit Performed by Cub Scouts

Astride cardboard horses and brandishing swords and shields, members of Cub Scout Den 2 presented their skit, "Knights of Yore" at a Pack meeting in Fellowship hall, Community church on March 9.

The Cubs made and painted their warlike equipment themselves at den meetings. After their work of strenuous work, they will relax at their regular weekly meeting today and celebrate the birthday of their Den Chief, Jon Harshman. Den 2 works under the combined leadership of Mr. Walter Kohn and Mrs. Don Harshman.

Cub Den 5, all 10-year-olds, with Den mother Mrs. R. L. Kemp, are working on their Webelos training, studying Indian dances and lore and making feathered costumes for use at the May Pack meeting. On March 5 the boys visited the Grasse II Naval base, and will visit the Detroit News on March 19.

Mrs. Carl Lenz, Den 10 mother, has a similar age group of boys all working on Webelos achievements.

Den 7 has just finished a craft project, making sewing boxes for their mothers out of cigar boxes. Den 7 is scheduled for a skit at the April Pack meeting, and will start working on it soon, but in the meantime they will study the proper use of pocket knives and learn fire making. Expert "fire by friction" Scout Alfred Herr, is Den Chief and den mother is Mrs. E. R. Milne.

Notice was received this week by the Rev. Cyril Keating of St. Bede's church that the parish boundaries will extend from Greenfield road on the east, 13 Mile road on the north, Oxford street on the west and 11 Mile road on the south.

Mr. Clarence Wise of Petes' Market tells us that as soon as the weather breaks a new parking strip will be finished as far north as 12 Mile road.

FLIES TO BERMUDA

During a flying trip to New York, Miss Catherine Becker boarded a clipper and four hours later was enjoying the sunshine, seashore and flowers in Bermuda. Miss Becker spent the weekend of March 5 on the island.

Mrs. F. R. Fleischer and daughter Sharon spent a recent week-end visiting the Robert Webber family in Buffalo, N. Y. The Webbers are formerly of Lathrup avenue. Sharon Fleischer and Carolyn Webber, who were Brownie Scouts together, spent a day on horseback, and had the privilege of grooming a beautiful young colt.

Out in front of the J. H. Becker house on San Diego there's a lamp post entwined with Christmas greens roping. Becker has taken to directing visitors to the house as "the only one on the street with the Christmas decorations still up". Although its original purpose is long since past, it could still have its use as a life-line or tow rope in case of flood; a daisy chain if it lasts until May, or a profitable venture if it takes root, since neighbors have already entered orders for four yards.

SURPRISE PARTY

There was a surprise house-warming at the Fred Pikes' new home on Eldorado on Feb. 27. Planned and plotted right down to a centerpiece of blue, white and pink painted daisies, by a niece, Mrs. C. W. Pike, the party was attended by more than 100 friends.

Players Make Ready To Stage 'Laura'

The Ancient Mariners will meet in Fellowship Hall on Friday, March 25 at 7 p.m., for a buffet dinner. Mrs. Gordon Applequist will handle the dinner arrangements and Mr. and Mrs. Albert Cattell will be in charge of a gay "Fun Night".

Turn your TV dial to Channel 7 tonight at 6 o'clock and watch Southfield Girl Scout troop 8 on Dinner Theater. Girls appearing tonight will be Sally Cannon, Suzanne Lorenz, Madelyn Girvin, Peggy Varani, Judith Kimball and Kimberly Reston. The balance of the troop will have their turn sometime in April.

Members of the University of Michigan Alumnae of Birmingham and surrounding suburbs will have a homemade baked goods sale in Jacobson's lower level on Saturday morning, March 12, according to Mrs. Charles Heuke of 28666 Blackstone avenue in Lathrup Village.

Mrs. Berry Leads Northwood Sale

Mrs. Norman W. Berry is chairman for a White Elephant sale at the March 18 meeting of the Northwood branch of National Farm and Garden association. The 12:30 p.m. luncheon meet will be at Mrs. Carl Shapper's home, 19451 Manor, Detroit.

The pounding of hammers and lights burning late at night, indicate the fury of activities at the Village Players Chestnut street Playhouse. Technical staff members are preparing sets for the March 25-26 invitational production of "Laura".

Mrs. G. S. Gove who is handling directorial duties says, "Rehearsals have to be so scheduled that time is allowed for the work of the technical staff. They are almost as important to the success of a play as the cast and some of them have to work just as hard."

She continued, "Building and completing the set has to be done in between rehearsals and this means very late and very early hours. The sooner this is done the easier rehearsal becomes."

AS TO WHAT might be considered the most difficult job, Mrs. Gove commented, "The set designer probably has the hardest assignment. She must know the play and have enough imagination to accept all of the personalities and action by use of proper background arrangements."

Mrs. Stanley Hood is set designer for "Laura" and finds her task enjoyable. She says, "This set is modern and it has been fun. Painting a portrait of 'Laura' will be my most difficult job because my hand is no longer practiced. Fortunately the portrait will have in-

drafting table came in handy even though he complained about the art department of our house getting confused with his engineering tools.

The director and her assistant, Mrs. W. F. Herdlich, have been promised a completed set by March 20. On that date Mrs. Gove and her cast can rehearse in a properly painted, lighted and furnished set with a thunder storm crackling outside at the desired moment.

Other members of the technical staff for this March production are Robert Kelley, stage manager; William E. Kegel, lights; Misses Louise Hersey, Shirley Hersey and Mrs. W. S. Howell will secure properties.

Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift."

And as he stood there on the schoolhouse lawn and watched the big, beautiful car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true, standing in the showroom of his Cadillac dealer—taking the keys to a new Cadillac!

As a Cadillac dealer, we've been privileged many times to help make such a dream come true. And it never ceases to be a thrill.

But we do feel, in all sincerity, that many motorists—not realizing the Cadillac car is practical as well as wonderful—wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far

beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable Cadillac facts.

It is entirely possible that the time for your Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true.

Better come in and see us today.
