English Aviators Visit Local CAP

The British are coming! This seems to be the current password around CAP headquarters as members make plans to entertain another group of visitors from England. Two years ago the local squadron hosted 25 boys and two seniors who were members of the Air training corps and the Combined cadet force, the British component of the Civil Air Patrol. A group of the same number will arrive the latter part of July to spend four days in Birmingham as guests of the squadron. Plans include tours of the Plymouth plant and Greenfield Village, a drive-in movie, dance and picnic.

After leaving here the cadets will go to Flint.
