

This Deal Suited Players Perfectly

"What are the odds on four pinochle players being dealt a run, each in a different suit, at the same time?" We can't answer the question, but perhaps some of the mathematically-inclined readers can come up with an answer. To make it tougher on the oddsmakers, one of the players held an ace of each suit.

GIBISER REPORTED that this situation arose last week when he and his father, Frank Sr., also of Buckingham, were in competition with Nellis Moore of Detroit, and Moore's son, Robert, of 2786 Manchester. Gibiser Jr. also held the aces.

The Gibiser combination took the bid for 36, melded 38 and collected a total of 57 points on the one hand.

This and That

(Continued from Page 1, Sec. 1)

Item: To young men jointly, I bequeath and devise all boisterous, inspiring sports and rivalry and I give to them the disdain of weakness, and undaunted confidence in their own strength.

Item: Though they are rude, I leave to them the power to make lasting friendships and of possessing companions, and to them exclusively I give all merry songs and brave choruses to sing with lusty voices.

Item: And to those who are no longer children or youths or lovers, I leave memory; and bequeath to them the volumes of the poems of Burns and Shakespeare and of other poets, if there be others, to the end that they may live the old days over again, freely and fully without litte or diminution.

Item: To our loved ones with snowy crowns, I bequeath the happiness of old age, the love and gratitude of their children until they fall asleep.

State Agrees To Experiment

Better control of converging southbound Hunter and Woodward traffic at Lincoln avenue will be the subject of an experiment agreed to by the state highway department, Birmingham Police Chief Ralph W. Moxley said Monday.

"The state is going to sandblast some distance south from the point of the island where southbound Woodward and Hunter merge," Moxley said.

Should this provide better traffic control and lessen accidents, it will be made a permanent measure, the Chief said.

Groups

(Continued from Page 1, Sec. 1)

Community Services of Detroit. This was termed a "working paper" by youth committee members who requested the listing from UCCS.

Some youth committee members already are appearing before city organizations, explaining the program of the youth committee. Paul N. Averill, committee member, outlined the former youth study committee report before the PTA Council on Feb. 28.

MRS GREENE and Dr. Harold Powell will speak at a panel discussion at Terry school later this month. The youth committee was organized on a permanent basis in January.

The committee has outlined its program of work in the following points:

- 1) Analysis of the problems of youth in the area, which committee members call their "method" or "working plan";
- 2) Knowing what facilities and organizations are available to the community to assist youth in solving problems;
- 3) Recommending coordination of activities to avoid overlapping; to fill gaps and promote cooperative working relationships among organizations; and
- 4) Promoting community education in wholesome family living.
