

**Edingtons Encounter Excitement On Three-Week California Trip**

Mr. and Mrs. Jack Edington of Wing Lake road have returned from an eventful three-week trip by train to the west coast.

Their first stop was Houston, Tex., for sight-seeing, their second stop, Edinboro, Tex., where they spent several days overhauling their citrus grove in Los Angeles, stopping at the Bel-Airs, they visited Mrs. Edington's mother, Mrs. Mary Simpson, and her sister, Mrs. Odie Grant.

Irony creeps in here. The Edingtons travelled by train instead of by plane, to avoid any incidents. However, aboard the Daylight, en route from Los Angeles to San Francisco, they were surprised when the train was suddenly stopped just before entering Bakersfield.

The reason? A bomb had been discovered on the track, just before the train reached it. Observing the police cars and general excitement, the Edingtons decided that it's impossible to hand-pick safety.

For three days in San Francisco, the travellers went sight-seeing, dining at Fisherman's Wharf, taking a boat trip around Alcatraz and riding the cable cars.

Twelve guests will help celebrate the 11th birthday of Chris Gryson, Crabtree road, tomorrow, at a desert supper and the movie.

Jay DeBandt, nine-year-old son of Mr. and Mrs. Edgar DeBandt of Indianwood Trail, was first prize-winner in the birdhouse building contest sponsored by the Wing Lake WNFNG, with an entry of modern design, built for bluebirds. Fred Gnaft, contest judge, presented Jay with his prize, a three-dollar check, Saturday morning at Wing Lake school. Present, besides Jay's father, were Mrs. Estelle

Guests of Jill Edington, Wing Lake road, for her 10th birthday party Saturday night were Barbara Wentworth, Mary Stacey, James Richards, Marilyn Carroll and Nancy Charles.

A special dish, chicken with cherries jubilee, prepared by the birthday dinner, which ended with the traditional ice cream and cake.

Frank Ghesquiere of Franklin road, entertained at a stag party Saturday for 29 fellow-students of the speech course sponsored by Chrysler. There was a rousing table tennis session, inspired by two experts among the guests. Later the guests played cards and had a midnight lunch.

**DIRECTORS MEET**

The board of directors of the Wink Lake Property Owners association met last week to discuss business topics for presentation at the group's June meeting.

Residents will be asked again this summer to cooperate in the water conservation program, watering lawns on alternate days and using only one sprinkler. While the new beach is ready for swimming and many residents have already tried it out, the board reviewed the status of the beach committee and the beach operation committee. Suggestions and regulations were outlined for approval of the membership.

The annual Wing Lake school Spring Fair will be held this Saturday from 2:30 p.m. to 8 p.m., at the school. Rain or Shine, parents and children have been promised plenty of fun and food, with pony rides, games, balloons, grabbags, comic sales, bake sale and white elephant toy sales scheduled.

From 4:30 to 6 o'clock dinner will be served in the all-purpose room. Turkey and ham sandwiches, hot dogs, salad, ice cream and coffee can be purchased at carnival booths and eaten at tables.

From 7 to 8 o'clock there will be a variety show including the "Jills" from the high school choir; soloist Mary Lou Fuller, monologist June Sanderson; pianist Pete Lewis and Wendy Sanderson, and magician Bert Tebeke. Half of the proceeds from this show will go to the high school for band instruments.

Walnut Lake road entertained at cocktails before the dance. Their guests were Mr. and Mrs. Merle Sullivan, Mr. and Mrs. Frank Ghesquiere, Mr. and Mrs. Lee Collins of Dearborn and Mr. and Mrs. William Lee of Grosse Pointe.

**OFFICERS ELECTED**

At the Wing Lake Farms association meeting last Monday at Wing Lake school, Joseph Juett was re-elected president; Edgar

DeBandt vice president; Mrs. Allan Gedieman, recording secretary; Mrs. Jerry Seibert corresponding secretary, and Jerry Seibert re-elected treasurer.

Mrs. Frank Ghesquiere, Franklin road, recently entertained at dinner for her brother and his wife, Mr. and Mrs. Frank Januine of California.

**MAY MUSINGS**

Well, maybe these are not as simple as musings and they may not be amusing either...

**BUT**

for Pete's sake (we'd like to meet Pete some time) WATER your lawn. We drove around town and saw hardly a sprinkler turned on. Did you know that grass—not only new seeds—will not grow without water? You didn't? Well, it won't. The May winds and drought have made a bad condition—so GET BUSY.

Incidentally, we sell sprinklers. Fancy that!

Well, the gall of some people. They have found MAPLE BLADDER GALL on the maple tree leaves... BECAUSE they did not spray with LIME SULPHUR this Spring. Too LATE now. But it is not too serious. The reddish swellings are caused by a MITE. We suggest you spray weekly with MALATHION for 4 weeks (starting next Tuesday at 3:17 P.M.) (We just happen to have MALATHION.)

A lady brought in some spruce cuttings today which she intended to plant (using ROOTONE of course). (Did you realize that most of the items in CAPS are things we carry?) But she turned them over and found them covered with scales. (Weigh this carefully.) In each scale were 50 to 90 tiny bugs—ugh—and each one will make a new scale if permitted to do so by men without muscles. We suggested that she (and you, if you have scales) spray with MALATHION or BLACK LEAF 40 (Malathion is better and costs more) each week for 1 week.

NO! The handsome PEDESTAL in the window is already sold. A peachy SUN DIAL is going on top of it. We can get more. In fact we have another coming.

now—Now—NOW is the time to get after CRAB GRASS... Before it starts. Spray with CHLORDANE or CRAG HERBICIDE-1. Details at the store.

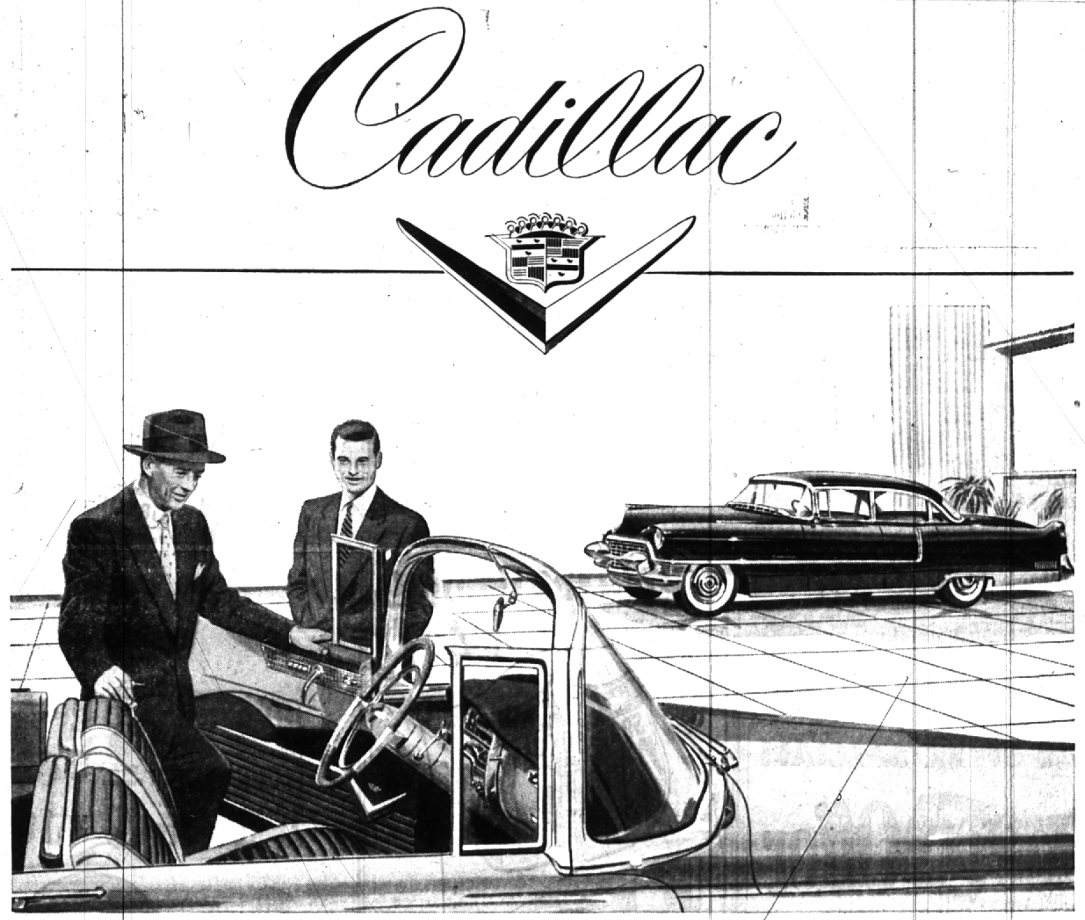

Your wife will burn up if you don't get a GRILL to turn out some elegant, burnt-to-a-crisp steaks on a BURR-SOUTHERN burner (really the best in economical, adjustable grills.)

We are tired. We are going home to sleep. We will be ready for the Saturday onslaught.

But in the meantime, we are NOT open Wednesday afternoon or Friday evening. We all have families we love to be with—and money isn't everything—and anyway, we're tired.

Good Night!

**Cadillac**

**One of the Great Steps of His Life!**

When a man takes possession of his first Cadillac, wonderful things happen to him.

First of all, of course, there is the great "lift" he gets from the car itself. When he settles down behind the wheel, turns the ignition key and starts down the road for home—well, it's a great life, and no fooling!

There's a wholly new feeling of security. Weight and size and strength are all about him. There's a new sense of mastery over the car. The response of the engine—the action of the brakes—the easy feel of the wheel... everything gives him a feeling of confidence he never knew in a motor car before.

And, of course, he can't help noting the

quick glances of approval he gets from other motorists. Quite a change from yesterday, when he himself was stealing glances at the people in Cadillacs!

And so it goes on that first wonderful ride—with a new thrill every minute—until the nose of the car turns into the driveway. And then comes the greatest thrill of all—the wild and enthusiastic approval of that little group whose welfare is his constant inspiration.

Don't worry about dinner tonight—let's all go for a ride!

This is only the beginning, of course. Every day and month and year adds to the satisfaction. There's the joy of the first cross-country

trip; the pride that comes from that first matching of gasoline and mileage; and the constant proof that the dream he dreamed is in almost everybody's heart.

Yes, when a man steps into his first Cadillac, he takes one of the great steps of his life.

And it's a much, much easier step to take than most people realize. The cost of a Cadillac is remarkably low. And once you own it... well, many contend that it is as economical, over the years, as any car you could buy.

Better come in and see us at your first opportunity. We'll give you a ride that will thrill you—and some facts and figures that may amaze you. Why not make it today?
