

Are you enjoying present opportunities to look in your yard and garden... planting, cultivating, watching floral life grow. Really, how wonderful it is to plant a seed for a tiny plant, then watch it grow in beauty!

A GIBBON HANGS IN HIS Detroit Zoo cage, apparently able to sleep peacefully on the piece of "furniture" designed for him and other gibbons, apes and gorillas by Sculptor Marshall Fredericks of Birmingham. The plexiglass and stainless steel forms are all varied shapes with bars, circles, arms, and mushrooms, and are of brilliant colors. They were viewed by the public for the first time last week in the new Holden Amphitheatre. (Eccentric Photo)

Teenagers Start Bumper Taping Project Saturday

Members of a former Junior Achievement company—J-A-J, which was sponsored by The Birmingham Eccentric—will begin a 10-day safety campaign Saturday to tape cars' bumpers with red scotch-life tape, according to one of the members, Ted Doney.

The group will have the cooperation of the Birmingham police and the chamber of commerce, and Police Chief Ralph W. Moxley has promised street area for the taping of bumpers, Doney said.

Cost to each motorist will be about \$1, with some profit going to those who will be on hand at gas stations and other vantage points to complete the taping.

QUARTON LAKE gets its bi-annual chemical spraying by the city's Forestry department. Harvey Rasch is seen using sodium arsenite which diffused through the water killing submerged weeds and vegetation. If permitted to rot, the weeds would give off terrible odors. Quarton Lake will also be sprayed during the first part of August.

4-Way Power Seat gives exact seat adjustment

A single control moves the front seat forward or back, up or down, for the exact height and leg room you want. It's the only 4-way seat in Ford's field.

Can you see, steer, stop safely? Check your car... check accidents!
