'School Bells' Ring at Shrine For Parents

"School bells" will ring again for mothers and fathers of Shrine high school students on Sunday, November 13, at 2:00 P.M. in the school auditorium, according to committee planning the event.

Parents' Day is an annual program sponsored by the Mothers' Club of the High School, in cooperation with the school administration. It provides an opportunity for parents to visit classrooms, to meet the teachers, and to learn their sons and daughters daily schedules, as well as the extra-curricular activities and services provided by the school.

After a welcome by Sister Dorothy, principal, and community singing, the first class bell will ring and parents will proceed to the home rooms for their day's schedule. Ten minutes will be spent in each class, with roll-call taken and each teacher explaining the course, and what is expected of the students during the year.

Refreshments will be served in the cafeteria during the two regular lunch periods. At close of the afternoon the parents will go to the school chapel for benediction services.

DO YOU

have a leaf sweeper? If you can't get him to come you better look at our WIRE, STEEL, BAMBOO, WOODEN or MAGNESIUM RAKES... or, better yet (for both of us) our PARKER-SPRINGFIELD LAWN SWEEPERS.

burn your leaves? Might catch your house on fire! Good STEEL BURNERS are available for \$3.95 to \$49.95. Might save your home.

put your leaves on the compost heap? It's a good place to put them but they will be more useful if you put ACTIVE with them. It decomposes them AND adds wonderfully useful bacteria to the resultant mess - ah, mass.

know that we are ready to receive you into a display of fascinating materials for CHRISTMAS PRESENTS which will make your family and friends realize you are both original and discriminating?

know that this is the time to get your PEAT MOSS, MARSH HAY AND STRAW for mulching your flower beds, new trees and shrubs, etc. BUT THIS IS NOT THE TIME TO PUT IT ON! We will run out of materials but we CANNOT save things in this line for you. Have you ever seen the face of a customer as she or he looks at 7 bales of marsh hay in the warehouse and we tell her that they are all scheduled for delivery? Get what you need NOW... BUT... don't put it on until the ground is frozen at least one inch deep... preferably two inches deep. Mulching is not to keep the ground around the plants from freezing... it is to KEEP IT FROM THAWING.

ever use ERUNAM on the asparagus patch and other parts of the garden in the Fall? Well, this ERUNAM is very good, nourishing, easy to use, and free of weed seeds. Call us if you don't know what this stuff is.

feel afraid to cut your grass this late in the Fall? Well, get unafraid in a hurry. One of the worst things you can do is to have it go into the Winter over 1 1/2 to 2 inches tall.

hate to spend money for BONE MEAL at this time of year? Nertz! This IS THE BEST TIME to use it on shrubs, trees, flower gardens and bulb beds. And we have PLENTY - nevertheless, what we say is TRUE.

wonder what we promised to tell the apartment dwellers about BULBS? Well, this special segment of our society can have lovely blooms indoors from PAPER WHITE NARCISSI, PREPARED HYACINTHS and AMARYLLIS (when the latter arrive) and right after Christmas we hope to have some LILY-of-the-VALLEY PIPS.

think our Christmas circular is a silly business or do you get some satisfaction from it? (For Pete's sake, don't send your answers to The Eccentric!)
