We Heard It Said By:

RICHARD H. ANDERSON, 1899 San Quentin, Lathrup, in praising the Lathrup police department: "They not only have done a marvelous job of holding down destruction, but have done a wonderful job of smiling in our children's respect for private property."

WANT TO BE KIDDED?

Irresponsible brokers are quick to overprice a house just to get an exclusive listing. If you want to be deluded and disappointed—that's fine BUT, we do not use that method.

We prefer frank, confidential discussion about the current market when listing properties. We will not hypothesize prices beyond what we honestly believe the property will sell for. Some owners resent the truth, but our records are long and certain that seriously overpricing homes cost the owner far more money than necessary had he taken our counsel in the first place. You can rely on our valuating.
