Scouts of Troop 314 Adopt Girls in Sarah Fisher Home

Girl Scout activities at Wing Lake school are in full swing for the year and several troops are doing outstanding work.

Troop 314, sixth grade girls, under the leadership of Mrs. Watson Gilpin and Mrs. Richard Broomora, has adopted a number of six to eight year old girls at Sarah Fisher home for the year. They each have taken a little girl to call their little sister and will follow through with this child for all special occasions during the year on an individual basis.

The troop also does group activities with these children, reading stories and playing games with them. Right now troop members are getting together a number of books, reading them and fixing them up. At Halloween the troop made cookies and took them to the children up to gaze to the cottage.

Brownie Troop 661

Newly formed Brownie Troop 661, led by Mrs. Thomas Carter and Mrs. William Rose, met last night at the dramatic field. They divided into two groups and each gave a play for the other. To depict the characters, they had hats and head-dresses. The plays were "Honey and the Queen" and "Chicken Talk."

This week they will begin hand-making a new set of Christmas gifts. There are 12 in the troop.

Brownie Troop 658, third grade girls led by Mrs. L. F. Sarnes and Mrs. Clyde Nickles, this week made Thanksgiving favors of pine-cones. The pine-cones were decorated into very gobby looking turkeys.

One of their fall activities was a hike to the cider-mill and next week they will start on making autographs or scrapbooks with covers of tongue depressors.

Okay Edison Co. Substation Site

BLOOMFIELD TWP.—Board of Appeals Monday approved location of a Detroit Edison Co. substation at the southeast corner of W. Long Lake and Anderson.

Scheduled for completion early in 1956, the modern brick structure will serve an eight-square mile area, according to John Harkness of Edison's public information office in Detroit.

Initial capacity of 6,000 horse-power will serve needs of 14,000 persons, and is set up so facilities can be quadrupled without major changes to building or equipment, Harkness said.

Southfield PTA Leader Appeals For Franklin Road Improvements

By RICHARD KELLEY

SOUTHFIELD—Mrs. E. J. Johnson of the Angling Road school PTA, appealed to the Southfield Township Board of Education Monday night for action on the "horrible" conditions of Franklin road.

Angling Road school can only be reached by Franklin road which runs from Eleven Mile road north to James Cozens road.

Mrs. Johnson said the road is in such poor shape that the school has trouble getting substitute teachers who don't want to drive on Franklin.

THE NEW road would supply another route to the school. This is considered a cheaper and faster method than paving all of Franklin road.

Mrs. Johnson told the board the PTA will be glad to cooperate with them in solving the problem and urged their immediate action.
