

**MAGIC LIPS** is name of new lifelike doll. Saying "mommy," she also can have her three baby teeth left, her wavy hair, and her vinyl body washed and powdered. She is 23 inches tall, costs about \$15.

### Habit of Saving Starts With 'Piggy'

A good habit in the new year can be started by the Christmas gift of one of the attractive carrying banks Santa has in his pack this year.

Old-fashioned iron banks have been re-created by the Toy Manufacturers of the U. S. A., Inc., with a view to entering Junior's pennies into safe storage. There are appealing piggy banks, models of each register and grown-up banks.

To teach the value of money and the wick in which it is used, there are also play money and games sets.

## Toys Inspire A Child's Faith

To possess the faith of a child is beyond most adults, but they can succeed at it with youngsters by their gifts of toys during the holiday.

In preparation for the religious season, the Toy Manufacturers of the U. S. A. have worked closely over the year with leaders of many religious denominations of American boys which will foster the faith of children.

BECAUSE the Old Testament is common to all creeds, the toy manufacturers have fashioned a wide variety of games to bring its stories to life for little children. There are question and answer games, card games, books for both reading and quizzing, even picture puzzles, to further the understanding of the young.

The story of the Nativity is conveyed in figures of wood and plastic that may be colored and arranged by small folk. There are churches which may be assembled and painted.

MUSIC is important to religious holidays and the toy makers have prepared hymns and familiar songs in music boxes and records.

Dolls and figurines of angels and religious characters are available in various sizes and materials. One doll even recites her prayers.

The gift of a toy with religious significance will remind both parent and child of the faith they have together.

### Test for Books On Yule Gift List

If you plan to give books and can't decide what books are best, here are a few questions to ask yourself before you make the final selection.

Is the subject of the book true to life? How does it compare with other books in the same subject?

Is the style of writing too involved for children or too oversimplified?

Are illustrations suitable in lines, color, imagination, and do they tell the story?

### Speed 'Irish Mail'

'Irish Mail' has reached the jet age, and a new high speed with its leverage action increased for young riders. Streamlined for speed, the new model boasts an adjustable basket seat and heavy-duty pneumatic tires.
