**Heirloom Lace Accents
Sara Woodruff's Gown**

Rose pointe lace from her maternal grandmother's gown accented Sara Lynn Woodruff's bridal gown when she became the bride of John Arthur Ingold Saturday. The afternoon candlelight ceremony took place in Christ Church of Grosse Pointe.

Her ivory peau de soie gown, fashioned with a heart-shaped neckline, had the heirloom lace inset over the shoulders and the side paniers of the full skirt which ended in a cathedral train. Her full length veil of ivory imported silk illusion fell from a miniature cap of rose pointe lace finished with miniature orange blossoms in the back. She carried gardenias and ivy.

Sara Lynn is the daughter of Mr. and Mrs. Donald M. Woodruff of Grosse Pointe and the granddaughter of Frederick J. Robinson of the Whittier, formerly of Bloomfield Hills, and the late Mrs. Robinson. The groom's parents are the John V. Ingolds of Birmingham.

MATRON and maid of honor were sisters of the bride, Mrs. William H. Race and Ann Woodruff. Bridesmaids were Donna Woodruff, Mrs. Paul Eaton, Mrs. Mary Johnston, Mrs. William Dahling and Mrs. Donald Parsons.

The eight attendants wore slate blue velvet gowns of empire style.

tight bodices with full skirts, and small blue velvet caps with matching veils. The maids carried pink carnations while the honor attendants carried rubrum lilies in pink and deep pink roses.

Paul W. Eaton, Jr., was his brother-in-law's best man. Guests were seated by E. James Erwin, Harold R. Kostoff, Boyce R. Shafter, Jr., Daniel Reed, Theodore G. Ouse, Jr., William H. Race, Richard C. Reilly and Carl A. Brown.

FOR her daughter's wedding and reception following at the Country club of Detroit, Mrs. Woodruff wore a navy blue lace and taffeta dress with a pink velvet hat and a spray of pink orchids. Mrs. Ingold's navy velvet hat matched her peau de soie sheath dress. She had a spray of deep rose brichis.

For going away Sara donned a slate blue wool dress with a short jacket. Pleasant feathers encircled her matching felt hat and she had alligator accessories.

The couple will honeymoon in Sea Island, Ga.

**Needlework Guild
Given 3980 Togs**

A grand total of 3980 garments and \$1300 were collected at the Needlework Guild's fundraising hat sale, according to Mrs. Robert Woodruff, president.

The money will all be spent in Oakland county, she explains, except for \$200 that will go to Needlework Guilds in the Eastern hurricane area, for victims. Guilds there, who support "closets closets" like the ones maintained here by the Red Cross and Pontiac state hospital, for disaster-struck single families, have had their "closets" completely depleted.

Other funds will go into the two "clothes closets" in this county.

**Beverly Parents
On UN 'Word Tour'**

Mrs. Philip Gentile took parents of Beverly school on an imaginary tour of United Nations, starting from her hotel, giving such details as the 60 flags across the top and telling how countries' backgrounds influence their votes during sessions.

She stressed that UN is important for modern parents because of its future influence on their children's lives in the atomic age. Mrs. Gentile's talk to Beverly PTA was on occasion of UN's tenth anniversary.

AMONG ROOM teas given recently, Mrs. Marjorie Johnson and her class's mothers were entertained at home of Mrs. H. H. Leupen, 12231 Beechwood, with Mrs. R. R. Wind, as co-hostess.

Mrs. Josephine Albert's group was hosted at Mrs. William H. Bricker's home, and Mrs. S. R. Anderson of Birmingham feted Wild Alden and fathers of fifth graders at her home.

Mrs. Jere Brough of Beaconsfield entertained Mrs. Martha Muschella and her room mothers.

**Best
Buick
yet**

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in its sweep-ahead styling—from the

air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there.

But it's when you put this beauty to the city streets and the open highways that you learn the best of it.

For here is performance without parallel. A new advance in Variable Pitch Dynaflo™ goes airplanes one better—steps up your getaway in normal driving without flooring the pedal to switch the pitch. But when you do need that extra surge, it's there instantly—and in extra abundance.

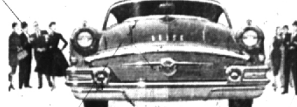

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to

all Buicks—ROADMASTER, SUPER, CENTURY, and the bedrock-priced SPECIAL. And to handle such dynamic driving power, the whole rear end has been endowed with extra braven and left aid solidity.

We could spread before you an acre of blueprints on the engineering genius that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

But you can get the full and magnificent story right now, at our showroom, in a face-to-face meeting with the best Buick yet—now on display, and setting a dazzling new pattern for 1956.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Merry Christmas
as only YOU
can say it

A portrait of your daughter—for grandparents far away?

Perhaps, a portrait of you—the one your family's been begging for? Because, at Christmas time, a portrait is a greeting and a gift that only you can give . . . and no other present will mean so much, for so many years.

Think of the ways a Portrait may solve an important gift problem for you this Christmas—and phone for an appointment at our Studio this week. You'll be glad you did!
