

Credit Shouts Of Baggage Man With Sacking Girl

Huan Waters, 29, of 917 Glenhurst, Birmingham, was saved from serious injury last week when the wheels of a south-bound container that week with a baggage man standing near the engine, caused the engine and halted the slow-moving train. The girl on the way to work at Burton Abstract and Title Co. in Detroit, slipped as she attempted to step from the platform onto the train, at the Birmingham station.

People's Council Clarify Salary Story for Reader

Congratulations on your public interest article on Top Local Public Official Salaries, and your excellent reporting on all local topics. Maybe you would go a step further, for example in Bloomfield Township, is \$15,000 the TOTAL salary of the supervisor? Does he receive additional remuneration as a building inspector, etc. Also our elected town clerk works in Detroit every day. How is his salary \$4,200 disbursed? It seems a township of this size should have a full-time clerk. We would also appreciate a discussion of the type of government we have in the township versus the city type as in Bloomfield Hills. It seems to us that Bloomfield Township has outgrown its form of government. We would like to see "Ring the Bell and Wake the People" then we may hope to get an administration that will operate for the interest of the Taxpayer.
