

Bond Issue Set By Troy B of E

TROY—The Troy Board of Education went on record Tuesday night to present a 1 1/2 million dollar bond issue to the voters this fall.

No date was set for the ballot, but according to Superintendent Stuart Baker, "we hope to present it to the voters as soon as possible."

TENTATIVE plans call for a new elementary school in area No. 27 of the district which is between Maple and 16 Mile and Livermore and Rochester.

Also included in the proposed bond issue are additions to Big Beaver, Troy No. 2, Baker Junior high school, and the high school, with a portion of the bond set aside for new sites not yet selected.

ARCHITECTS for the plans of the proposed elementary school are Yamasaki-Lein Webber and Associates.

God Bless You

"May God bless you for your kindness to our people." This was the last line in a letter of thanks to Wendy Westrate and Peggy Louie, both 11, from the Mayor of the flood-ravished town of Putnam, former district.

Wendy, daughter of Mr. and Mrs. Len Westrate of 1583 Buckingham, and Peggy, daughter of Mr. and Mrs. Eugene Louie of 1543 Rochester, received the letter this afternoon after they had sent their spare time to the eastern city.

THE girls visited about 100 homes in their neighborhood to collect the money.

Putnam Mayor John N. Dempsey, in expressing gratitude to the girls, wrote: "Please accept my sincere thanks and deep appreciation for your wonderful contribution and your thoughtfulness for the people of Putnam."

"I am taking your contribution over to the Disaster Relief Committee in Putnam and I know they will make good use of the money."

Swanson Poses Fair's Funds Against Firing

Donald Swanson, Michigan State Fair manager, who lives on Pennsylvania in Southfield township and is active in township and state Democratic politics, is ignoring Michigan independent grocers demands that he be replaced.

Wednesday totals of fair profits reached \$67,000 and may reach \$70,000, Swanson said, pointing out that the fair was highly profitable for the state in spite of the reduced rate given Wrigley's Markets for a huge block of grandstand and Coliseum seats.

A SUPREME COURT decision upheld the deal, approved by the Fair board and Swanson. The Michigan Food News, publication of Michigan Retail Food Dealers association, now has demanded that Williams fire Swanson because the deal gave "Wrigley's publicity

at the expense of the people of Michigan."

The Food dealers association is represented by W. F. "Bill" Doyle of East Lansing in lobbying efforts in the state legislature. Doyle, a Republican was recently not reappointed Mackinac Island Park commissioner by Williams after a long reign on the highly-political board.

Oliva Viola, Supervisor of the Oakland Child Guidance Clinic, has been appointed Supervisor of the Junior League's new project, the Birmingham Child Guidance Clinic, a branch of the Oakland Child Guidance Clinic.

She comes to Birmingham highly recommended as one of the most sought-after workers in her field with a background covering a wide variety of experiences.

She did her undergraduate work at Nazareth College, Kalamazoo, receiving a B.A. degree in Sociology in 1948. Following this she spent two years at the Neurological Institute in Hartford, Connecticut.

FROM 1950-51 Miss Viola was a part-time case worker for Barst House in Detroit, a home for emotionally disturbed girls, as well as a part-time case worker for the Youth Service Bureau also in Detroit.

In 1952 she did graduate work at the University of Michigan, specializing in psychiatric social work, achieving an MSW and honors and becoming a member of Phi Kappa Phi.

As a graduate training Miss Viola spent one year at the Youth Service Bureau and another year at the Children's Center in Detroit.

From 1952 until the present time she has been a psychiatric social worker at the Pontiac Child Guidance Clinic, now the Oakland Child Guidance Clinic. For the past few years she has been living in Pontiac.

SHE IS A MEMBER of the American Association of Psychiatric Social Workers and the American Society of Social Workers.

On November 1 Miss Viola will begin her services for the new project although the Clinic will not open until after the first of the year.

"The membership of the Junior League of Birmingham feels fortunate indeed that the League has been able to secure the services of Miss Viola as supervisor," a Junior League spokesman said.

Enrollments Up, Schools Reporting

Three area school districts this week reported appreciable increases in their opening enrollment figures.

More than 1,550 have enrolled in the Bloomfield Hills school district this school year, already 50 more than the expected number.

Last year the total enrollment was 1,250 and according to the estimated figure given in the 1953 survey.

ENROLLMENT figures for 1955-56 in Southfield Public School District have gone well over the estimated figure given in the 1953 survey.

According to the 1953 survey estimate, 5,982 students were anticipated for the start of this year. Latest figure from the superintendent's office shows the figure as of last week to be 5,308.

When school ended last June there were 4,848 pupils enrolled in the district.

Of the present number 582 are kindergarten pupils and 1,215 are in grades 9 to 12.

The enrollment is expected to surpass the 6,000 mark for the 1956 school term.

IN TROY the first enrollment figures were slightly lower than those at the end of the 1954-55 school year.

This is because a large area of the Troy district, which included nearly 300 children, has now become a part of the Clawson school district.

Last June the total figure was 2,770 and as of Wednesday of this week the total showed 2,728, of this, 254 are kindergarten children. The high school showed a rise despite the loss of more than 50 to Clawson. This week's total was 607 in comparison with 519 of last June.

In a survey of a year ago the anticipated number was 2,800 and by June 1956 this figure may be surpassed.
